3. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies **[**~~of six months' or less duration~~**] having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1290. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall offer coverage for testing pregnant women for lead poisoning and for all testing for lead poisoning authorized by sections 701.340 to 701.349 or by rule of the department of health and senior services promulgated pursuant to sections 701.340 to 701.349.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section shall reduce or eliminate coverage as a result of the requirements of this section.

4. Nothing in this section shall apply to **short-term major medical policies having a duration of one year or less, or to** accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care or other limited benefit health insurance policies.

376.1400. 1. Every health insurance carrier offering policies of insurance in this state shall use standardized information for the explanation of benefits given to the health care provider whenever a claim is paid or denied. As used in this section, the term "health insurance carrier" shall have the meaning given to "health carrier" in section 376.1350. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, short-term major medical policies **[**~~of six months or less duration~~**]** **having a duration of less than one year**, other limited benefit health insurance policies.

2. The standardized information shall contain the following:

(1) The name of the insured;

(2) The insured's identification number;

(3) The date of service;

(4) Amount of charge;

(5) Explanation for any denial;

(6) The amount paid;

(7) The patient's full name;

(8) The name and address of the insurer; and

(9) The phone number to contact for questions on explanation of benefits.

3. All health insurance carriers shall use the standard explanation of benefits information after January 1, 2002.

376.1550. 1. Notwithstanding any other provision of law to the contrary, each health carrier that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2005, shall provide coverage for a mental health condition, as defined in this section, and shall comply with the following provisions:

(1) A health benefit plan shall provide coverage for treatment of a mental health condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a mental health condition than for access to treatment for a physical health condition. Any deductible or out-of-pocket limits required by a health carrier or health benefit plan shall be comprehensive for coverage of all health conditions, whether mental or physical;

(2) The coverages set forth is this subsection:

(a) May be administered pursuant to a managed care program established by the health carrier; and

(b) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri;

(3) A health benefit plan that does not otherwise provide for management of care under the plan or that does not provide for the same degree of management of care for all health conditions may provide coverage for treatment of mental health conditions through a managed care organization; provided that the managed care organization is in compliance with rules adopted by the department of insurance, financial institutions and professional registration that assure that the system for delivery of treatment for mental health conditions does not diminish or negate the purpose of this section. The rules adopted by the director shall assure that:

(a) Timely and appropriate access to care is available;

(b) The quantity, location, and specialty distribution of health care providers is adequate; and

(c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term "health insurance policy" as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term "health insurance policy" shall include group coverage.

2. As used in this section, the following terms mean:

(1) "Chemical dependency", the psychological or physiological dependence upon and abuse of drugs, including alcohol, characterized by drug tolerance or withdrawal and impairment of social or occupational role functioning or both;

(2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;

(3) "Health carrier", the same meaning as such term is defined in section 376.1350;

(4) "Mental health condition", any condition or disorder defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders except for chemical dependency;

(5) "Managed care organization", any financing mechanism or system that manages care delivery for its members or subscribers, including health maintenance organizations and any other similar health care delivery system or organization;

(6) "Rate, term, or condition", any lifetime or annual payment limits, deductibles, co-payments, coinsurance, and other cost-sharing requirements, out-of-pocket limits, visit limits, and any other financial component of a health benefit plan that affects the insured.

3. This section shall not apply to a health plan or policy that is individually underwritten or provides such coverage for specific individuals and members of their families pursuant to section 376.779, sections 376.810 to 376.814, and sections 376.825 to 376.836, a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policies **[**~~of six months or less duration~~**] having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

5. The provisions of this section shall not be violated if the insurer decides to apply different limits or exclude entirely from coverage the following:

(1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;

(2) Services rendered or billed by a school or halfway house;

(3) Care that is custodial in nature;

(4) Services and supplies that are not immediately nor clinically appropriate; or

(5) Treatments that are considered experimental.

6. The director shall grant a policyholder a waiver from the provisions of this section if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that compliance with this section has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder. The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

376.1900. 1. As used in this section, the following terms shall mean:

(1) "Electronic visit", or "e-visit", an online electronic medical evaluation and management service completed using a secured web-based or similar electronic-based communications network for a single patient encounter. An electronic visit shall be initiated by a patient or by the guardian of a patient with the health care provider, be completed using a federal Health Insurance Portability and Accountability Act (HIPAA)-compliant online connection, and include a permanent record of the electronic visit;

(2) "Health benefit plan" shall have the same meaning ascribed to it in section 376.1350;

(3) "Health care provider" shall have the same meaning ascribed to it in section 376.1350;

(4) "Health care service", a service for the diagnosis, prevention, treatment, cure or relief of a physical or mental health condition, illness, injury or disease;

(5) "Health carrier" shall have the same meaning ascribed to it in section 376.1350;

(6) "Telehealth" shall have the same meaning ascribed to it in section 208.670.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, shall not deny coverage for a health care service on the basis that the health care service is provided through telehealth if the same service would be covered if provided through face-to-face diagnosis, consultation, or treatment.

3. A health carrier may not exclude an otherwise covered health care service from coverage solely because the service is provided through telehealth rather than face-to-face consultation or contact between a health care provider and a patient.

4. A health carrier shall not be required to reimburse a telehealth provider or a consulting provider for site origination fees or costs for the provision of telehealth services; however, subject to correct coding, a health carrier shall reimburse a health care provider for the diagnosis, consultation, or treatment of an insured or enrollee when the health care service is delivered through telehealth on the same basis that the health carrier covers the service when it is delivered in person.

5. A health care service provided through telehealth shall not be subject to any greater deductible, co-payment, or coinsurance amount than would be applicable if the same health care service was provided through face-to-face diagnosis, consultation, or treatment.

6. A health carrier shall not impose upon any person receiving benefits under this section any co-payment, coinsurance, or deductible amount, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services that is not equally imposed upon all terms and services covered under the policy, contract, or health benefit plan.

7. Nothing in this section shall preclude a health carrier from undertaking utilization review to determine the appropriateness of telehealth as a means of delivering a health care service, provided that the determinations shall be made in the same manner as those regarding the same service when it is delivered in person.

8. A health carrier or health benefit plan may limit coverage for health care services that are provided through telehealth to health care providers that are in a network approved by the plan or the health carrier.

9. Nothing in this section shall be construed to require a health care provider to be physically present with a patient where the patient is located unless the health care provider who is providing health care services by means of telehealth determines that the presence of a health care provider is necessary.

10. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies **[**~~of six months' or less duration~~**] having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration. Representative Davis offered **House Amendment No. 12**.

House Amendment No. 12

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 718, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"208.909. 1. Consumers receiving personal care assistance services shall be responsible for:

(1) Supervising their personal care attendant;

(2) Verifying wages to be paid to the personal care attendant;

(3) Preparing and submitting time sheets, signed by both the consumer and personal care attendant, to the vendor on a biweekly basis;

(4) Promptly notifying the department within ten days of any changes in circumstances affecting the personal care assistance services plan or in the consumer's place of residence;

(5) Reporting any problems resulting from the quality of services rendered by the personal care attendant to the vendor. If the consumer is unable to resolve any problems resulting from the quality of service rendered by the personal care attendant with the vendor, the consumer shall report the situation to the department; **[**~~and~~**]**

(6) Providing the vendor with all necessary information to complete required paperwork for establishing the employer identification number**; and**

(7) Allowing the vendor to comply with its quality assurance and supervision process, which shall include, but not be limited to, bi-annual face-to-face home visits and monthly case management activities.

2. Participating vendors shall be responsible for:

(1) Collecting time sheets or reviewing reports of delivered services and certifying the accuracy thereof;

(2) The Medicaid reimbursement process, including the filing of claims and reporting data to the department as required by rule;

(3) Transmitting the individual payment directly to the personal care attendant on behalf of the consumer;

(4) Monitoring the performance of the personal care assistance services plan. **Such monitoring shall occur during the bi-annual face-to-face home visits under section 208.918. The vendor shall document whether the attendant was present and if services are being provided to the consumer as set forth in the plan of care.**

3. No state or federal financial assistance shall be authorized or expended to pay for services provided to a consumer under sections 208.900 to 208.927, if the primary benefit of the services is to the household unit, or is a household task that the members of the consumer's household may reasonably be expected to share or do for one another when they live in the same household, unless such service is above and beyond typical activities household members may reasonably provide for another household member without a disability.

4. No state or federal financial assistance shall be authorized or expended to pay for personal care assistance services provided by a personal care attendant who is listed on any of the background check lists in the family care safety registry under sections 210.900 to **[**~~210.937~~**] 210.936**, unless a good cause waiver is first obtained from the department in accordance with section 192.2495.

5. (1) All vendors shall, by July 1, 2015, have, maintain, and use a telephone tracking system for the purpose of reporting and verifying the delivery of consumer-directed services as authorized by the department of health and senior services or its designee. **[**~~Use of such a system prior to July 1, 2015, shall be voluntary.~~**]** The telephone tracking system shall be used to process payroll for employees and for submitting claims for reimbursement to the MO HealthNet division. At a minimum, the telephone tracking system shall:

(a) Record the exact date services are delivered;

(b) Record the exact time the services begin and exact time the services end;

(c) Verify the telephone number from which the services are registered;

(d) Verify that the number from which the call is placed is a telephone number unique to the client;

(e) Require a personal identification number unique to each personal care attendant;

(f) Be capable of producing reports of services delivered, tasks performed, client identity, beginning and ending times of service and date of service in summary fashion that constitute adequate documentation of service; and

(g) Be capable of producing reimbursement requests for consumer approval that assures accuracy and compliance with program expectations for both the consumer and vendor.

(2) **[**~~The department of health and senior services, in collaboration with other appropriate agencies, including centers for independent living, shall establish telephone tracking system pilot projects, implemented in two regions of the state, with one in an urban area and one in a rural area. Each pilot project shall meet the requirements of this section and section 208.918. The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. The report shall take into consideration the impact of a telephone tracking system on the quality of the services delivered to the consumer and the principles of self-directed care.~~

~~(3)~~**]** As new technology becomes available, the department may allow use of a more advanced tracking system, provided that such system is at least as capable of meeting the requirements of this subsection.

[~~(4)~~**] (3)** The department of health and senior services shall promulgate by rule the minimum necessary criteria of the telephone tracking system. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

[~~6. In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.

7. No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of telephony services nor bear the full cost of the pilot program.~~**]**

208.918. 1. In order to qualify for an agreement with the department, the vendor shall have a philosophy that promotes the consumer's ability to live independently in the most integrated setting or the maximum community inclusion of persons with physical disabilities, and shall demonstrate the ability to provide, directly or through contract, the following services:

(1) Orientation of consumers concerning the responsibilities of being an employer**[**~~,~~**] and** supervision of personal care attendants including the preparation and verification of time sheets**. Such orientation shall include notifying consumers that falsification of personal care attendant time sheets shall be considered fraud and shall be reported to the department**;

(2) Training for consumers about the recruitment and training of personal care attendants;

(3) Maintenance of a list of persons eligible to be a personal care attendant;

(4) Processing of inquiries and problems received from consumers and personal care attendants;

(5) Ensuring the personal care attendants are registered with the family care safety registry as provided in sections 210.900 to **[**~~210.937~~**] 210.936**; and

(6) The capacity to provide fiscal conduit services through a telephone tracking system by the date required under section 208.909.

2. In order to maintain its agreement with the department, a vendor shall comply with the provisions of subsection 1 of this section and shall:

(1) Demonstrate sound fiscal management as evidenced on accurate quarterly financial reports **[**~~and annual audit~~**]** submitted to the department; **[**~~and~~**]**

(2) **Attest that all adequate documentation for all information is provided on reports, and billing records have sufficient required documentation to support the amounts claimed;**

(3) Demonstrate a positive impact on consumer outcomes regarding the provision of personal care assistance services as evidenced on accurate quarterly and annual service reports submitted to the department;

[~~(3)~~**] (4)** Implement a quality assurance and supervision process that ensures program compliance and accuracy of records**:**

(a) The department of health and senior services shall promulgate by rule a consumer-directed services division provider certification manager course; and

(b) The vendor shall perform with the consumer at least bi-annual face-to-face home visits to provide ongoing monitoring of the provision of services in the plan of care and assess the quality of care being delivered. The bi-annual face-to-face home visits do not preclude the vendor's responsibility from its ongoing diligence of case management oversight; **[**~~and~~

~~(4)~~**] (5)** Comply with all provisions of sections 208.900 to 208.927, and the regulations promulgated thereunder**; and**

(6) Maintain a proper business location, the criteria for which shall be defined by the department of health and senior services by rule.

3. No state or federal funds shall be authorized or expended if the owner, primary operator, certified manager, or any direct employee of the consumer-directed services vendor is also the personal care attendant.

208.924. A consumer's personal care assistance services may be discontinued under circumstances such as the following:

(1) The department learns of circumstances that require closure of a consumer's case, including one or more of the following: death, admission into a long-term care facility, no longer needing service, or inability of the consumer to consumer-direct personal care assistance service;

(2) The consumer has falsified records**; provided false information of his or her condition, functional capacity, or level of care needs;** or committed fraud;

(3) The consumer is noncompliant with the plan of care. Noncompliance requires persistent actions by the consumer which negate the services provided in the plan of care;

(4) The consumer or member of the consumer's household threatens or abuses the personal care attendant or vendor to the point where their welfare is in jeopardy and corrective action has failed;

(5) The maintenance needs of a consumer are unable to continue to be met because the plan of care hours exceed availability; and

(6) The personal care attendant is not providing services as set forth in the personal care assistance services plan and attempts to remedy the situation have been unsuccessful."; and

to
House Amendment No. 12

AMEND House Amendment No. 12 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 718, Page 1, Line 4, by inserting immediately before the number "208.909" the following:

"**191.250. 1. This section shall be known and may be cited as "Simon's Law".**

2. As used in this section the following terms shall mean:

(1) "End-of-life medical decision order for a child under juvenile or family court jurisdiction", a decision issued by a juvenile or family court pertaining to life-sustaining treatment, including do-not-resuscitate orders, provided on behalf of and in the best interests of a child under juvenile or family court jurisdiction under section 211.031;

(2) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician who is knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

3. For a child who is not under juvenile or family court jurisdiction under section 211.031, no health care facility, nursing home, physician, nurse, or medical staff shall institute a do-not-resuscitate order or similar physician's order, either orally or in writing, without the written or oral consent of at least one parent or legal guardian of the patient or resident under eighteen years of age who is not emancipated. If consent to implement a do-not-resuscitate order or similar physician's order is granted orally, two witnesses other than the parent, legal guardian, or physician shall be present and willing to attest to the consent given by the legal guardian of the patient or at least one parent of the patient. The provision of such consent shall be immediately recorded in the patient's medical record, specifying who provided the information, to whom the information was provided, which parent or legal guardian gave the consent, who the witnesses were, and the date and time the consent was obtained.

4. The requirements of subsection 3 of this section shall not apply if a reasonably diligent effort of at least forty-eight hours without success has been made to contact and inform each known parent or legal guardian of the intent to implement a do-not-resuscitate order or similar physician's order.

5. Consent previously given under subsection 3 of this section may be revoked orally or in writing by the parent or legal guardian of the patient or resident who granted the original permission. Such revocation of prior consent shall take precedence over any prior consent to implement a do-not-resuscitate order or similar physician's order and shall be immediately recorded in the patient's or resident's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

6. For a child under juvenile court jurisdiction under section 211.031, a juvenile or family court may issue an end-of-life medical decision order, a physician's order, or any other medical decision order, or may appoint a guardian for the child for that purpose. The children's division shall not be appointed as guardian for a child to make end-of-life medical decisions, including do-not-resuscitate orders. In the event a child under the jurisdiction of a juvenile or family court under section 211.031 is returned to the custody of the legal guardian or parent, the legal guardian or parent may revoke the consent for the end-of-life medical decisions, or similar physician's orders ordered by the court, including do-not-resuscitate orders for the child. Revocation may be orally or in writing and shall be immediately recorded in the patient's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

7. For the purposes of this section, a relative caregiver under the provisions of section 431.058 shall have the same authority given to a parent or legal guardian of a nonemancipated patient or resident under eighteen years of age, provided that such a patient or resident is not under juvenile or family court jurisdiction under section 211.031.

8. Nothing in this section shall be construed to require any health care facility, nursing home, physician, nurse, or medical staff to provide or continue any treatment, including resuscitative efforts, food, medication, oxygen, intravenous fluids, or nutrition that would be:

(1) Medically inappropriate because, in reasonable medical judgement, providing such treatment would create a greater risk of causing or hastening the death of the patient; or

(2) Medically inappropriate because, in reasonable medical judgement, providing such treatment would be potentially harmful or cause unnecessary pain, suffering, or injury to the patient.

9. Nothing in this section shall require health care providers to continue cardiopulmonary resuscitation or manual ventilation beyond a time in which, in their reasonable medical judgment, there is no further benefit to the patient or likely recovery of the patient."; and

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, MONDAY, MAY 7, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Representative Charlie Davis.

Gracious God and creator of all that is good, I thank You for loving us, even though we don't deserve it. I thank You for caring for us, even though we don't deserve it. I thank You for allowing us to take part in heaven, again, even though we don't deserve it. It's not because of who we are but because of what You've done; it's not because of what we've done but because of who You are that gives us hope. I pray, O God, Your blessing to be poured out upon this nation and the great state. Give our leaders wisdom and strength to make decisions that make us a stronger, more caring people. May You give us endurance for these last two weeks of this legislative session, that we will leave this place knowing we have done our best to do what is right for our people, for Your people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Brandon Fisher, Lillian Rose Parker, and Jacob Coleman Parker.

The Journal of the sixty-sixth day was approved as printed by the following vote:

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void."; and

3. The director may adopt any rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

4. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

4. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to **[**~~589.475~~**]** **589.426**, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education

shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

5. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

6. If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

7. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

8. For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

9. A criminal background check and fingerprint collection conducted under subsections 1 and 2 of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 and 2 for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

10. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

11. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void."; and

Further amend said bill, Page 4, Section 304.060, Line 25, by inserting after all of said line the following:

"**3. Notwithstanding the provisions of subsection 1 of this section, any school board in the state of Missouri may contract with any municipality for the purpose of transporting school children attending a grade or grades not lower than the ninth nor higher than the twelfth grade. Such contract shall require the presence of an adult supervisor who is approved by the school board on any municipal vehicle while such vehicle is transporting children under this subsection. Any time school children are being transported by a municipal vehicle under this subsection, such vehicle shall include a section of seating designated solely for use by school children. Municipalities entering into any such contract shall comply with the requirements of this section and sections 162.064, 162.065, 168.133, and 307.375.**"; and

Further amend said bill and section, by renumbering subsequent subsections accordingly; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"610.140. 1. Notwithstanding any other provision of law and subject to the provisions of this section, any person may apply to any court in which such person was charged or found guilty of any offenses, violations, or infractions for an order to expunge records of such arrest, plea, trial, or conviction. Subject to the limitations of subsection 12 of this section, a person may apply to have one or more offenses, violations, or infractions expunged if such offense, violation, or infraction occurred within the state of Missouri and was prosecuted under the jurisdiction of a Missouri municipal, associate circuit, or circuit court, so long as such person lists all the offenses, violations, and infractions he or she is seeking to have expunged in the petition and so long as all such offenses, violations, and infractions are not excluded under subsection 2 of this section. If the offenses, violations, or infractions were charged as counts in the same indictment or information or were committed as part of the same course of criminal conduct, the person may include all the related offenses, violations, and infractions in the petition, regardless of the limits of subsection 12 of this section, and the petition shall only count as a petition for expungement of the highest level violation or offense contained in the petition for the purpose of determining future eligibility for expungement.

2. The following offenses, violations, and infractions shall not be eligible for expungement under this section:

(1) Any class A felony offense;

(7) Any offense eligible for expungement under section 577.054 or 610.130;

(8) Any intoxication-related traffic or boating offense as defined in section 577.001, or any offense of operating an aircraft with an excessive blood alcohol content or while in an intoxicated condition;

(9) Any ordinance violation that is the substantial equivalent of any offense that is not eligible for expungement under this section; and

(10) Any violations of any state law or county or municipal ordinance regulating the operation of motor vehicles when committed by an individual who has been issued a commercial driver's license or is required to possess a commercial driver's license issued by this state or any other state.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

(1) The petitioner's:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense, violation, or infraction for which the petitioner is requesting expungement;

(3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

(4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

(5) The case number and name of the court for each offense.

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) **At the time the petition is filed,** it has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

(3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;

(4) The person does not have charges pending;

(5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection.

Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief.".

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Mr. Adam Crumbliss
Chief Clerk
Missouri House of Representatives
Missouri State Capitol, Room 317A
Jefferson City, MO 65101

Dear Mr. Crumbliss:

It has come to my attention that in the Journal of the House for Wednesday, May 2, 2018, on page 2314, Representative Clem Smith is listed as voting “no” on the third reading of HCS SS SCS SBs 894 & 921.

Since Representative Clem Smith was absent with leave from the House, and participated in no other votes on May 2 before or after the vote on HCS SS SCS SBs 894 & 921, I believe Representative Smith’s vote on this bill was registered in error. JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-NINTH DAY, TUESDAY, MAY 8, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I therefore beg you to live a life worthy of the calling to which you have been called. (Ephesians 4:1)

Eternal God, who in Your word has revealed to us the way, the truth, and the life, lead us, we pray, to walk in Your way, help us to believe Your truth, and give us courage to live Your life. Strengthen our hearts that in the midst of doubts within and disturbances without we may hold fast to those things we believe to be right and good for all people.

Grant Your blessings to all who work under the dome of this capitol and to all who serve our State. May all of us be made strong to do what ought to be done and what must be done if law and order is to prevail, if justice is to be done, and if people are to live together in peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Max Politte.

The Journal of the sixty-eighth day was approved as printed by the following vote:

The department of elementary and secondary education shall provide staffing support including but not limited to statewide coordination for career and technical student organizations' activities that are an integral part of the instructional educational curriculum for career and technical education programs approved by the department. Such career and technical organizations shall include, but not be limited to, the nationally recognized organizations of DECA, FBLA, FFA, FCCLA, HOSA, SkillsUSA, and TSA.

2. The department of elementary and secondary education shall **[**~~continue to~~**]** handle the funds from the **career and technical student** organizations **[**~~in the same manner as it did during school year 2011-12~~**]**, with department personnel maintaining responsibility for the receipt and disbursement of funds. The department may ensure accountability and transparency by requiring the career and technical student organizations to provide sworn affidavits annually by personnel in the organization who are responsible for such funds as to the proper receipt and disbursement of such funds."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Black, **House Amendment No. 1** was adopted.

Representative Rhoads offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 743, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"**160.430. 1. For purposes of this section and sections 160.432 and 160.435, "school of innovation" means a program approved by the school board of a school district with a curriculum, delivery method, or instructional model different from the traditional school model. A program qualifies as a school of innovation even if it does not have a building or facility that is separate from other district grade-level school buildings.**

2. Students may attend a school of innovation and still be considered enrolled in a traditional school building for the purposes of cocurricular activities, extracurricular activities, and general courses available to both students in the school of innovation and students in the traditional public school setting.

3. The board of education of a school district may, by a majority vote of the entire board, establish a school of innovation. Before the vote, the board members shall prepare and distribute to all members a written description of the educational mission of the school of innovation, the research that supports that mission, the educational goals for the school of innovation, and the process the district intends to use to determine if the school of innovation is meeting those goals.

4. The school day, school hours, and school term of a school of innovation may be different from other schools in the district. Schools of innovation shall be required to meet the minimum school day or school term requirements in sections 160.011, 160.041, 171.031, and 171.033.

5. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a school of innovation shall equal, upon completion of the school year, one hundred five percent of the hours of attendance possible for the same or similar program delivered in the traditional school setting offered in the district. State funding shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of the program, with distribution of state funding to a school district at each increment equal to fifty-two and one-half percent of hours of attendance possible for the same or similar program delivered in the traditional program in the district.

6. For the first three years a school of innovation exists, the graduation rates, attendance rates, and scores on the statewide assessments established under section 160.518 of the students enrolled in the school of innovation shall not be considered when determining a district's accreditation status, unless the district chooses for those scores and rates to be considered.

7. The board of a school district that has established a school of innovation shall annually review the overall academic performance of the school of innovation and the progress the school of innovation has made toward achieving the educational goals set when the school was established. The board may, by a majority vote of the entire board, alter, amend, extend, or change the goals or educational mission of the school of innovation. The board may at any time vote to revoke the school's status as a school of innovation.

8. A superintendent of a school district with a school of innovation, or his or her designee, may assign specific teachers and district employees to a school of innovation, regardless of existing policies, practices, or collective bargaining agreements.

9. (1) The board of a school district that has established a school of innovation may, at its discretion, pay a teacher assigned to and teaching in the school of innovation more than what the teacher would otherwise receive on the teacher salary schedule in order to compensate for the additional training, alternative lesson plans, extended hours, and additional duties associated with the position.

(2) Teachers assigned to a school of innovation may earn tenure in the district, but the teachers have no right or entitlement to continue to work in a school of innovation.

(3) Teaching contracts for teachers assigned to a school of innovation shall not include a set number of days, months, or working hours. A teacher assigned to a school of innovation shall receive a school calendar outlining general attendance expectations.

(4) If a district reassigns a teacher from a school of innovation and then pays the teacher on the teacher salary schedule for the district, the reassignment shall not be considered a demotion under sections 168.102 to 168.130, even if the teacher's compensation is reduced.

10. Notwithstanding any provision of chapter 169 or any other provision of law, a teacher receiving retirement benefits under chapter 169 may, without losing his or her retirement benefits, teach on a full-time or part-time basis in a school of innovation if the teacher is certificated and has teaching experience in a subject that is essential to the mission of the school of innovation and the district can demonstrate that it has been unsuccessful in employing a teacher with the same certification and relevant experience in the subject area. A retired teacher who is employed to work at a school of innovation under this subsection shall not be eligible to earn tenure.

11. A school district that establishes a school of innovation may allow students who are not residents of the district to attend the school of innovation upon payment of tuition by the student, parents, or the student's resident school district or charter school. The school district that establishes the school of innovation shall not be responsible for the transportation of nonresident students. A school district may enter into an agreement with the district that has established the school of innovation to share staff, facilities, or other resources in lieu of or in addition to tuition.

12. (1) The board of a school district that has established or that seeks to establish a school of innovation may apply to the state board of education for a waiver of a state statute or regulation that impedes the establishment of a school of innovation or that is otherwise a barrier to the innovative educational mission.

(2) The state board of education shall hold a public hearing to determine if a waiver should be granted. The state board of education may, by a majority vote of the entire state board, waive a state statute or regulation for the limited purpose of operating the school of innovation. Such waiver shall last three years and may be extended by the state board of education for three-year terms upon evidence that the waiver has resulted in the desired educational innovation and opportunity.

13. The department of elementary and secondary education shall review all existing laws, regulations, and processes and take action to remove any identified barriers to school districts using innovative education models. The department of elementary and secondary education shall report to the governor before December 1, 2018, any state or federal statutes or regulations that could impede the establishment of schools of innovation.

14. Subject to appropriation, the governor, or a task force appointed by the governor, shall annually award ten competitive grants to school districts for the establishment, implementation, or expansion of schools of innovation.

160.432. A school district may enter into an agreement with one or more other school districts to provide students access to courses or schools, including schools of innovation. School districts may enter into agreements to share staff, facilities, or other resources in lieu of or in addition to tuition paid by a district for its students to access the courses or schools, including schools of innovation. The school district sponsoring the course or school, including the school of innovation, shall retain financial and legal responsibility unless determined otherwise in the agreement.

160.435. 1. A school district may enter into an agreement with one or more other school districts to cooperatively provide schools to educate resident students of all participating districts. Such schools shall be known as "cooperative schools". Cooperative school services may be provided in the facilities of any of the cooperating districts or in facilities leased by the cooperating districts or through a third-party vendor. The agreement shall describe the nature of the services to be provided. Services may include full-day instruction, individual courses, a specialized program of studies, or the establishment of a shared school of innovation.

2. Districts participating in a cooperative school shall equally share financial and legal responsibility for the school, courses, and employees assigned to such schools and courses, unless otherwise determined in the agreement. Participating districts shall contribute funds, facilities, staff, or other resources to operate the cooperative school as determined in the agreement.

3. A cooperative school shall be governed by a committee, with one appointed representative from each participating school district. The committee shall have the legal authority to create and oversee a budget, enter into contracts, employ staff, and pay bills associated with the cooperative school. The financial resources devoted to the cooperative school by the participating districts shall be kept in a separate account, shall be solely devoted to the cooperative school, and shall carry over from year to year to the benefit of the cooperative school.

4. If an agreement under this section expires and no new agreement is reached, a cooperative school may be dissolved by a unanimous vote of the representatives on the committee governing the cooperative school or by a vote of the boards of education of all the participating school districts. If dissolved, all resources, debt, or legal liability incurred shall be divided in accordance with the agreement.

5. Eligible students from participating districts shall have an equal opportunity to attend the cooperative school, as determined by the agreement. Any student enrolled in a participating district shall be reported by the sending participating district for state aid purposes. The cooperative school shall share information and student records with the school districts in which students are enrolled.

6. The committee governing the cooperative school shall employ teachers and other staff necessary to operate the cooperative school. The teaching or administrative contracts shall be with the committee governing the cooperative school rather than with the participating school districts. Teachers teaching at a cooperative school may earn tenure in the cooperative school in accordance with sections 168.102 to 168.130 but shall not earn tenure with any participating district based on employment in the cooperative school.

7. Teachers who were employed by a participating school district immediately before their employment with the cooperative school shall not lose years toward tenure in the participating district or lose tenure previously earned in the participating school district. However, the teacher shall not continue to earn years toward tenure in the participating district during his or her employment with the cooperative school.

8. If the committee governing the cooperative school determines that the school needs to reduce or rearrange staff due to a decrease in student enrollment, reorganization of the program, or financial conditions, teaching staff shall be placed on leaves of absence from the cooperative school in accordance with section 168.124. If a teacher is placed on leave of absence from the cooperative school but has previously earned tenure in a participating district immediately before his or her employment in the cooperative school, the participating district may reemploy the tenured teacher, and the teacher shall be considered tenured upon reemployment. If a teacher is placed on leave of absence from the cooperative school but was a probationary teacher in a participating district immediately before his or her employment with the cooperative school, and the participating district reemploys the teacher, the teacher shall not have lost years toward tenure previously earned with the participating district.

160.545. 1. There is hereby established **[**~~within the department of elementary and secondary education~~**]** the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) **[**~~Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and~~

~~(4)~~**]** Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

[~~(5)~~**]** **(4)** Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary

education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision **[**~~(5)~~**] (4)** of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection **[**~~10~~**] 11** of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a high school in the state for at least **[**~~three~~**] two** years **[**~~immediately prior to graduation~~**]** that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are **[**~~dependants~~**] dependents** of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who**[**~~, in the school year immediately preceding graduation,~~**]** meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the **[**~~three-year~~**] two-year** attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school **or through the semester immediately before taking the course for which he or she seeks reimbursement** as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

(4) Who is a citizen or permanent resident of the United States.

9. **A student who meets the requirements established in subsection 8 of this section immediately before taking the course for which he or she seeks reimbursement shall receive reimbursement of the cost of tuition, books, and fees for any dual credit or dual enrollment course offered in a high school in association with a public community college or vocational or technical school, subject to the requirements of subsection 11 of this section. Eligible students who qualify for reimbursement under this subsection shall also receive reimbursement for the costs associated with an advanced placement course or test.**

10. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[~~10.~~**]** **11.** For a two-year private vocational or technical school to obtain reimbursements under subsection 8 of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

Further amend said bill and page, Section 162.401, Line 9, by inserting immediately after said line the following:

"162.1250. 1. School districts shall receive state school funding under sections 163.031, 163.043, and 163.087 for resident students who are enrolled in the school district and who are taking a virtual course or full-time virtual program offered by the school district. The school district may offer instruction in a virtual setting using technology, intranet, and internet methods of communications that could take place outside of the regular school district facility. The school district may develop a virtual program for any grade level, kindergarten through twelfth grade, with the courses available in accordance with district policy to any resident student of the district who is enrolled in the school district. Nothing in this section shall preclude a private, parochial, or home school student residing within a school district offering virtual courses or virtual programs from enrolling in the school district in accordance with the combined enrollment provisions of section 167.031 for the purposes of participating in the virtual courses or virtual programs.

2. Charter schools shall receive state school funding under section 160.415 for students enrolled in the charter school who are completing a virtual course or full-time virtual program offered by the charter school. Charter schools may offer instruction in a virtual setting using technology, intranet, and internet methods of communications. The charter school may develop a virtual program for any grade level, kindergarten through twelfth grade, with the courses available in accordance with school policy and the charter school's charter to any student enrolled in the charter school.

3. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a district or charter school virtual class shall equal, upon course completion, **[**~~ninety-four~~**]** **ninety-five** percent of the hours of attendance possible for such class delivered in the nonvirtual program in the student's resident district or charter school. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven **and one-half** percent of hours of attendance possible for such course delivered in the nonvirtual program in a student's school district of residence or charter school.

4. When courses are purchased from an outside vendor, the district or charter school shall ensure that they are aligned with the **[**~~show-me curriculum~~**]** **state learning** standards and comply with state requirements for teacher certification. The state board of education reserves the right to request information and materials sufficient to evaluate the online course. Online classes should be considered like any other class offered by the school district or charter school.

5. Any school district or charter school that offers instruction in a virtual setting, develops a virtual course or courses, or develops a virtual program of instruction shall ensure that the following standards are satisfied:

(1) The virtual course or virtual program utilizes appropriate content-specific tools and software;

(2) Orientation training is available for teachers, instructors, and students as needed;

(3) Privacy policies are stated and made available to teachers, instructors, and students;

(4) Academic integrity and internet etiquette expectations regarding lesson activities, discussions, electronic communications, and plagiarism are stated to teachers, instructors, and students prior to the beginning of the virtual course or virtual program;

(5) Computer system requirements, including hardware, web browser, and software, are specified to participants;

(6) The virtual course or virtual program architecture, software, and hardware permit the online teacher or instructor to add content, activities, and assessments to extend learning opportunities;

(7) The virtual course or virtual program makes resources available by alternative means, including but not limited to, video and podcasts;

(8) Resources and notes are available for teachers and instructors in addition to assessment and assignment answers and explanations;

(9) Technical support and course management are available to the virtual course or virtual program teacher and school coordinator;

(10) The virtual course or virtual program includes assignments, projects, and assessments that are aligned with students' different visual, auditory, and hands-on learning styles;

(11) The virtual course or virtual program demonstrates the ability to effectively use and incorporate subject-specific and developmentally appropriate software in an online learning module; and

(12) The virtual course or virtual program arranges media and content to help transfer knowledge most effectively in the online environment.

6. Any special school district shall count any student's completion of a virtual course or program in the same manner as the district counts completion of any other course or program for credit.

7. A school district or charter school may contract with multiple providers of virtual courses or virtual programs, provided they meet the criteria for virtual courses or virtual programs under this section.

162.1251. 1. Any individual, organization, company, or charter school that offers a virtual course in Missouri, other than a school district, may request certification of the course by the department of elementary and secondary education. The department shall certify only courses that meet the following requirements as well as other factors determined relevant by the department to verify quality:

(1) The course is aligned with the state learning standards;

(2) The course is taught by a teacher who is certificated to teach in the state of Missouri;

(3) The course and its delivery method meet federal accessibility requirements to accommodate those who are disabled;

(4) The course complies with state and federal privacy requirements for student records;

(5) The course meets the same requirements imposed on virtual courses under section 162.1250;

(6) The course provider does not discriminate on the basis of race, color, religion, sex, national origin, ancestry, disability, English language learner status, or income level; and

(7) If the department requires that school districts administer a statewide assessment or end-of-course assessment in relation to the course, the course provider pays for and administers the assessment to students enrolled in the course.

2. The department of elementary and secondary education may charge a fee to all virtual course providers to pay for the costs of certification and recertification of virtual courses. The department may at any time request information and materials or interview staff or students to evaluate or reevaluate the virtual course or to verify continuing compliance with the requirements established by the department. The department shall investigate any complaint made against a virtual course provider. The department may revoke certification of a course or refuse to recertify a course if the course does not meet the requirements of this section or other relevant laws, the course provider does not comply with requests for information, or the department has articulable concerns regarding the quality of the course or the instruction provided in the course.

3. Each virtual course provider offering a course certified under this section shall annually report to the department of elementary and secondary education and post on the provider's website a report card detailing the number of students who have enrolled in the course and the number of students who have completed the course with a passing grade. If there is a statewide assessment or end-of-course assessment related to the course, the report card shall include the aggregate assessment scores of the students who took the assessment.

4. A virtual course provider offering a course certified under this section shall immediately transfer records upon the request of the parent, the student, or the school district or charter school that has paid for part or all of the virtual course for which the records are requested, regardless of whether additional tuition

or fees are owed for the course. School districts and charter schools are required to accept transferred credit from any virtual course certified by the department of elementary and secondary education upon receipt of adequate records verifying completion of the course by the student.

5. The department of elementary and secondary education may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

162.1252. 1. (1) If a school district or charter school does not offer a particular course a student wishes to take or a course substantially similar to the course a student wishes to take in the school the student attends and the school the student attends gives instruction in a grade or grades not lower than the sixth nor higher than the twelfth grade, the student or his or her parent may submit a written request to the superintendent or his or her designee or the principal of the charter school for the district or charter school to provide the course to the student virtually or otherwise. The written request shall explain why the district or charter school should provide the course to the student. The superintendent or his or her designee or the principal of the charter school shall notify the student or parent of his or her decision with respect to the request within forty-five days of receipt.

(2) If the superintendent or his or her designee or the principal of the charter school declines to offer the course virtually or otherwise, the parent or student may submit a written request to the school board or the governing board of the charter school to provide the course to the student. The school board or the governing board of the charter school shall act on the request within forty-five days of receipt. If the request is denied or not acted upon, and there is a certified virtual course offered in accordance with section 162.1251, the district or charter school shall pay the tuition for the student to take the course if the student meets the requirements of subsection 2 of this section; except that, the district or charter school is required to pay for only one virtual course each semester for a student.

2. To qualify for payment of a virtual course by the district or charter school, the student shall be currently enrolled in the school district or charter school and shall have been enrolled in and regularly attending the school district or charter school for at least one school year. If the student is receiving special educational services, as defined in section 162.675, the student's individualized education program team shall approve the course as appropriate for the student. The district or charter school is not required to pay the tuition for a student to take a virtual course if the student has dropped out of or failed to complete a virtual course within the past three years.

3. No school district or charter school shall pay, for any one course for a student, more than fourteen percent of the state adequacy target, as defined in section 163.011. The virtual course provider shall bill the school district or charter school on a monthly basis. If a student discontinues enrollment in the district or charter school, drops out of the course, or fails to adequately participate in the course, the district or charter school may stop making monthly payments to the virtual course provider.

4. If a school district or charter school pays for a virtual course as required in this section, the district or charter school may collect state aid for the course. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a virtual course shall equal, upon course completion, ninety-five percent of the hours of attendance possible for a similar course delivered in the nonvirtual program in the student's resident district or charter school. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven and one-half percent of hours of attendance possible for such course delivered in the nonvirtual program in the student's school district of residence or charter school.

5. The virtual course provider shall provide the school district or charter school all student records and progress reports regarding the performance and attendance of the district or charter school students taking the course.

6. Nothing in this section shall require any school district, any charter school, or the state to provide computers, equipment, or internet access to any student.

7. For purposes of this section, "charter school" shall mean a charter school that has declared itself a local educational agency."; and

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting immediately after said line the following:

"167.231. 1. Within all school districts except metropolitan districts the board of education shall provide transportation to and from school for all pupils living more than three and one-half miles from school and may provide transportation for all pupils. State aid for transportation shall be paid as provided in section 163.161 only on the basis of the cost of pupil transportation for those pupils living one mile or more from school, including transportation provided to and from publicly operated university laboratory schools. The board of education may provide transportation for pupils living less than one mile from school at the expense of the district and may prescribe reasonable rules and regulations as to eligibility of pupils for transportation, and, notwithstanding any other provision of law, no such district shall be subject to an administrative penalty when the district demonstrates pursuant to rule established by the state board of education that such students are required to cross a state highway or county arterial in the absence of sidewalks, traffic signals, or a crossing guard and that no existing bus stop location has been changed to permit a district to evade such penalty. If no increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from the school, the board may transport said pupils. If an increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from school, the board shall submit the question at a public election. If a two-thirds majority of the voters voting on the question at the election are in favor of providing the transportation, the board shall arrange and provide therefor.

2. The proposal and the ballots may be in substantially the following form:

Shall the board of education of the school district provide transportation at the expense of the district for pupils living less than one mile from school and be authorized to levy an additional tax of cents on the one hundred dollars assessed valuation to provide funds to pay for such transportation service?

☐ YES ☐ NO

(If you are in favor of the proposition (or question), place an X in the box opposite "YES". If you are opposed to the proposition (or question), place an X in the box opposite "NO".)

3. The board of education of any school district may provide transportation to and from school for any public school pupil not otherwise eligible for transportation under the provisions of state law, and may prescribe reasonable rules and regulations as to eligibility for transportation, if the parents or guardian of the pupil agree in writing to pay the actual cost of transporting the pupil. The minimum charge would be the actual cost of transporting the pupil for ninety school days, which actual cost is to be determined by the average per-pupil cost of transporting children in the school district during the preceding school year. The full actual cost shall be paid by the parent or guardian of the pupil and shall not be paid out of any state school aid funds or out of any other revenues of the school district. The cost of transportation may be paid in installments, and the board of education shall establish the cost of the transportation and the time or times and method of payment.

4. A school district or charter school may arrange to have students transported using alternative methods such as existing public transportation or vehicles other than a school bus, as long as the district or charter school pays the cost of the transportation or provides for the transportation without cost to the student.

168.011. 1. No person shall be employed to teach in any position in a public school until he **or she** has received a valid certificate of license entitling him **or her** to teach in that position.

2. Teaching in the state of Missouri, performing other related education duties, school administration, and teacher education are hereby declared to be professions with all the appropriate rights, responsibilities and privileges accorded to other recognized professions.

3. A district may collect state aid for a student attending a course virtually, through videoconferencing or electronically, even if the supervising employee in the classroom is not a certificated employee as long as the person teaching the course has a valid certificate of license entitling him or her to teach in that position or is employed by a postsecondary institution and is teaching a dual credit, dual enrollment, or advanced placement course.

168.021. 1. Certificates of license to teach in the public schools of the state shall be granted as follows:

(1) By the state board, under rules and regulations prescribed by it:

(a) Upon the basis of college credit;

(b) Upon the basis of examination;

(2) By the state board, under rules and regulations prescribed by the state board with advice from the advisory council established by section 168.015 to any individual who presents to the state board a valid doctoral degree from an accredited institution of higher education accredited by a regional accrediting association such as North Central Association. Such certificate shall be limited to the major area of postgraduate study of the holder, shall be issued only after successful completion of the examination required for graduation pursuant to rules adopted by the state board of education, and shall be restricted to those certificates established pursuant to subdivision (1) of subsection 3 of this section;

(3) By the state board, which shall issue the professional certificate classification in both the general and specialized areas most closely aligned with the current areas of certification approved by the state board, commensurate with the years of teaching experience of the applicant, and based upon the following criteria:

(a) Recommendation of a state-approved baccalaureate-level teacher preparation program;

(b) Successful attainment of the Missouri qualifying score on the exit assessment for teachers or administrators designated by the state board of education. Applicants who have not successfully achieved a qualifying score on the designated examinations will be issued a two-year nonrenewable provisional certificate; and

Such certificate shall be limited to the major area of study of the holder and shall be restricted to those certificates established under subdivision (1) of subsection 3 of this section. Holders of certificates granted under this subdivision shall be exempt from the teacher tenure act under sections 168.102 to 168.130 and each school district shall have the decision-making authority on whether to hire the holders of such certificates; **[**~~or~~**]**

(5) By the state board, under rules and regulations prescribed by it, on the basis of certification by the American Board for Certification of Teacher Excellence (ABCTE) and verification of ability to work with children as demonstrated by sixty contact hours in any one of the following areas as validated by the school principal: sixty contact hours in the classroom, of which at least forty-five must be teaching; sixty contact hours as a substitute teacher, with at least thirty consecutive hours in the same classroom; sixty contact hours of teaching in a private school; or sixty contact hours of teaching as a paraprofessional, for an initial four-year ABCTE certificate of license to teach, except that such certificate shall not be granted for the areas of early childhood education, or special education. For certification in the area of elementary education, ninety contact hours in the classroom shall be required, of which at least thirty shall be in an elementary classroom. Upon the completion of the requirements listed in paragraphs (a), (b), (c), and (d) of this subdivision, an applicant shall be eligible to apply for a career continuous professional certificate under subdivision (2) of subsection 3 of this section:

(a) Completion of thirty contact hours of professional development within four years, which may include hours spent in class in an appropriate college curriculum;

(b) Validated completion of two years of the mentoring program of the American Board for Certification of Teacher Excellence or a district mentoring program approved by the state board of education;

(6) By the state board, under rules and regulations prescribed by it, on the basis of specialized knowledge and experience in a discrete subject area for which the certificate is issued.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or

c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate **of** license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(1) Is the spouse of a member of the Armed Forces stationed in Missouri;

(2) Relocated from another state within one year of the date of application;

(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and

(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career

continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

170.039. 1. (1) School districts and charter schools sponsored by local boards of education may award an enrolled student credit for a high school course if the student is able to demonstrate proficiency in the knowledge, skills, and competencies in the subject area to the satisfaction of the district or charter school sponsored by a local board of education, regardless of whether the student has enrolled in the course with the district or charter school sponsored by a local board of education or completed the course.

(2) Districts and charter schools sponsored by local boards of education that offer proficiency-based credit as described in this section shall notify parents and students in the student handbook or, if a district or charter school sponsored by a local board of education does not provide a student handbook, through other means determined by the district or charter school sponsored by a local board of education.

(3) A student who chooses to demonstrate competency to earn credit as described in this section shall take any statewide assessments associated with any course for which the student earns proficiency-based credit.

2. A student who earns proficiency-based credits shall not be required to graduate earlier than his or her age-related cohorts even if the student earns more credits than necessary to graduate. However, if a student graduates from high school earlier than his or her age-related cohorts due to proficiency-based credits earned by the student, the district may continue to collect state aid for the student until the student's age-related cohorts graduate. The state aid earned in this manner shall be used to provide services to students who are at risk of not graduating on time or at all or to increase the number of students attending a career center from the number of students who attended in the 2017-18 school year.

3. If a student graduates early due to proficiency-based credits earned by the student, the district's collection of state aid for the student as described in subsection 2 of this section shall be determined by counting each course for which the student earned proficiency-based credit as equaling ninety-five percent of the hours of attendance possible for such course even though the student never actually attended the course. The district shall count only those courses necessary for the district to claim full-time status for the student until the student's age-related cohorts graduate."; and

"164.011. 1. The school board of each district annually shall prepare an estimate of the amount of money to be raised by taxation for the ensuing school year, the rate required to produce the amount, and the rate necessary to sustain the school or schools of the district for the ensuing school year, to meet principal and interest payments on the bonded debt of the district and to provide the funds to meet other legitimate district purposes. In preparing the estimate, the board shall have sole authority in determining what part of the total authorized rate shall be used to provide revenue for each of the funds as authorized by section 165.011. 2. For purposes of this section, the following terms mean:

"160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

(5) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission and does not discriminate based on parents' ability to pay fees or tuition except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

"Page 1, Section 162.401, Line 9, by inserting after all of said section and line the following:

"162.1100. 1. There is hereby established within each city not within a county a school district to be known as the "Transitional School District of (name of city)", which shall be a body corporate and politic and a subdivision of the state. The transitional school district shall be coterminous with the boundaries of the city in which the district is located. Except as otherwise provided in this section and section 162.621, the transitional school district shall be subject to all laws pertaining to "seven-director districts", as defined in section 160.011. The transitional school district shall have the responsibility for educational programs and policies determined by a final judgment of a federal school desegregation case to be needed in providing for a transition of the educational system of the city from control and jurisdiction of a federal court school desegregation order, decree or agreement and such other programs and policies as designated by the governing body of the school district.

2. (1) The governing board of the transitional school district shall consist of three residents of the district: one shall be appointed by the governing body of the district, one shall be appointed by the mayor of the city not within a county and one shall be appointed by the president of the board of aldermen of the city not within a county. The members of the governing board shall serve without compensation for a term of three years, or until their successors have been appointed, or until the transitional district is dissolved or terminated. Any tax approved for the transitional district shall be assigned to the governing body of the school district in a city not within a county after dissolution or termination of the transitional district.

(2) In the event that the state board of education shall declare the school district of a city not within a county to be unaccredited, the member of the governing board of the transitional district appointed by the governing body of the district as provided in subdivision (1) of this subsection shall, within ninety days, be replaced by a chief executive officer nominated by the state board of education and appointed by the governor with the advice and consent of the senate. The chief executive officer need not be a resident of the district but shall be a person of recognized administrative ability, shall be paid in whole or in part with funds from the district, and shall have all other powers and duties of any other general superintendent of schools, including appointment of staff. The chief executive officer shall serve for a term of three years or until his **or her** successor is appointed or until the transitional district is dissolved or terminated. His **or her** salary shall be set by the state board of education.

3. In the event that the school district loses its accreditation, upon the appointment of a chief executive officer, any powers granted to any existing school board in a city not within a county on or before August 28, 1998, shall be vested with the special administrative board of the transitional school district containing such school district so long as the transitional school district exists, except as otherwise provided in section 162.621.

4. The special administrative board's powers and duties shall include:

(1) Creating an academic accountability plan, taking corrective action in underperforming schools, and seeking relief from state-mandated programs;

(2) Exploration of alternative forms of governance for the district;

(3) Authority to contract with nonprofit corporations to provide for the operation of schools;

(4) Oversight of facility planning, construction, improvement, repair, maintenance and rehabilitation;

5. (1) The provisions of a final judgment as to the state of Missouri and its officials in a school desegregation case which subjects a district in which a transitional district is located in this state to a federal court's jurisdiction may authorize or require the governing body of a transitional school district established under this section to establish the transitional district's operating levy for school purposes, as defined pursuant to section 163.011, at a level not to exceed eighty-five cents per one hundred dollars assessed valuation in the district or a sales tax equivalent amount as determined by the department of elementary and secondary education which may be substituted for all or part of such property tax.

(2) Any other statute to the contrary notwithstanding, no tax authorized pursuant to this subsection shall:

(a) Be subject to any certificate of tax abatement issued after August 28, 1998, pursuant to sections 99.700 to 99.715; and

(b) Effective January 1, 2002, be subject to any new or existing tax increment financing adopted by a city not within a county pursuant to sections 99.800 to 99.865 except that any redevelopment plan and redevelopment project concerning a convention headquarters hotel adopted by ordinance by a city not within a county prior to August 28, 2003, shall be subject to such tax increment financing.

(3) The transitional school district shall not be subject to the provisions of section 162.081, sections 163.021 and 163.023 with respect to any requirements to maintain a minimum value of operating levy or any consequences provided by law for failure to levy at least such minimum rate. No operating levy or increase in the operating levy or sales tax established pursuant to this section shall be collected for a transitional school district unless prior approval is obtained from a simple majority of the district's voters. The board of the transitional district shall place the matter before the voters prior to March 15, 1999.

(2) The special administrative board shall establish student performance standards consistent with the standards established by the state board of education pursuant to section 160.514 for preschool through grade twelve in all skill and subject areas, subject to review and approval of the state board of education for the purpose of determining whether the standards are consistent with standards established by the state board of education pursuant to section 160.514;

(3) All students in the district who do not achieve grade-level standards shall be required to attend summer school; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;

(4) No student shall be promoted to a higher grade level unless that student has a reading ability at or above one grade level below the student's grade level; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;

(5) The special administrative board established in this section shall develop, implement and annually update a professional development plan for teachers and other support staff, subject to review and approval of the state board of education.

7. The school improvement plan established pursuant to this section shall ensure open enrollment and program access to all students in the district, and, consistent with the Missouri and United States Constitutions, shall give first priority to residents of the city for admission to magnet schools. The school board shall take all practicable and constitutionally permissible steps to ensure that all magnet schools operate at full capacity. Students who change residence within the district shall be allowed to continue to attend the school in which they were initially enrolled for the remainder of their education at grade levels served by that school, and transportation shall be provided by the district to allow such students to continue to attend such school of initial enrollment.

8. To the extent practicable, the special administrative board shall ensure that per pupil expenditures and pupil-teacher ratios shall be the same for all schools serving students at a given grade level.

9. The special administrative board shall ensure that early childhood education is available throughout the district.

10. The special administrative board shall ensure that vocational education instruction is provided within the district.

11. The special administrative board shall establish an accountability officer whose duty shall be to ensure that academically deficient schools within the district are raised to acceptable condition within two years.

12. The transitional school district in any city not within a county shall be dissolved on July 1, 2008, unless the state board determines, prior to that date, that it is necessary for the transitional district to continue to accomplish the purposes for which it was created. The state board of education may cause the termination of the transitional school district at any time upon a determination that the transitional district has accomplished the purposes for which it was established and is no longer needed. **If the transitional school district is classified as fully accredited, the state board of education shall terminate it and return governance to the elected board of the school district containing the territory of the dissolved transitional school district within thirty days. If the transitional school district is fully accredited before August 28, 2018, the state board of education shall terminate it at its first meeting to occur on or after August 28, 2018.** The state board of education may cause the reestablishment of

For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has

an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2019-20 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort.

171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date**, days of planned attendance,** and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In school year 2019-20 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

[~~7. No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.~~**]**

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. **(1)** A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

(2) Notwithstanding subdivision (1) of this subsection, in school year 2019-20 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.

3. **(1)** In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

(2) In school year 2019-20 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.

4. The commissioner of education may provide, for any school district **[**~~in which schools are in session for twelve months of each calendar year~~**]** that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in school year 2019-20 and**

subsequent years, one thousand forty-four hours of actual pupil attendance, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather**[**~~, flooding~~**]** or fire.

[~~171.029. 1. The school board of any school district in the state, upon adoption of a resolution by the vote of a majority of all its members to authorize such action, may establish a four-day school week or other calendar consisting of less than one hundred seventy-four days in lieu of a five-day school week. Upon adoption of a four-day school week or other calendar consisting of less than one hundred seventy-four days, the school shall file a calendar with the department of elementary and secondary education in accordance with section 171.031. Such calendar shall include, but not be limited to, a minimum term of one hundred forty-two days and one thousand forty-four hours of actual pupil attendance.~~

~~2. If a school district that attends less than one hundred seventy-four days meets at least two fewer performance standards on two successive annual performance reports than it met on its last annual performance report received prior to implementing a calendar year of less than one hundred seventy-four days, it shall be required to revert to a one hundred seventy-four-day school year in the school year following the report of the drop in the number of performance standards met. When the number of performance standards met reaches the earlier number, the district may return to the four-day week or other calendar consisting of less than one hundred seventy-four days in the next school year.~~**]**

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her

suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of

the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio."; and

(1) Any county with a township form of government, located north of the Missouri River and having no portion of the county located east of U.S. Highway 63 **[**~~and located in~~**];**

(2) Any county of the third classification without a township form of government and with more than four thousand one hundred but fewer than four thousand two hundred inhabitants**[**~~,~~**];** or **[**~~in~~**]**

(3) Any county of the third classification without a township form of government and with more than two thousand three hundred but fewer than two thousand four hundred inhabitants

shall control all brush growing on such owner's property that is designated as the county right-of-way or county maintenance easement part of such owner's property and which is adjacent to any county road. Such brush shall be cut, burned**,** or otherwise destroyed as often as necessary in order to keep such lands accessible for purposes of maintenance and safety of the county road **and to prevent brush from interfering with any vehicle that may travel the road**.

2. The county commission, either upon its own motion or upon receipt of a written notice requesting the action from any residents of the county in which the county road bordering the lands in question is located or upon written request of any person regularly using the county road, may control such brush so as to allow easy access to the land described in subsection 1 of this section, and for that purpose the county commission, or its agents, servants, or employees shall have authority to enter on such lands without being liable to an action of trespass therefor, and shall keep an accurate account of the expenses incurred in eradicating the brush, and shall verify such statement under seal of the county commission, and transmit the same to the officer whose duty it is or may be to extend state and county taxes on tax books or bills against real estate. Such officer shall extend the aggregate expenses so charged against each tract of land as a special tax, which shall then become **[**~~a lien on such lands,~~**] due on such landowner's real and personal property tax assessment** and be collected as state and county taxes are collected by law and paid to the county commission and credited to the county control fund.

3. Before proceeding to control brush as provided in this section, the county commission of the county in which the land is located shall notify the owner of the land of the requirements of this law **[**~~by certified mail, return receipt requested, from a list~~**] in writing using any mail service with delivery tracking and an address** supplied by the officer who prepares the tax list**[**~~,~~**]** and shall allow the owner of the land thirty days from **[**~~acknowledgment date of return receipt, or~~**] the** date of **[**~~refusal of acceptance of~~**]** delivery **[**~~as the case may be,~~**]** to eradicate all such brush growing on land designated as the county right-of-way or county maintenance easement part of such owner's land and which is adjacent to the county road. In the event that the property owner cannot be located by **[**~~certified~~**]** mail, notice shall be placed in a newspaper of general circulation in the county in which the land is located at least thirty days before the county commission removes the brush pursuant to subsection 2 of this section. Such property owner shall be granted an automatic thirty-day extension due to hardship by notifying the county commission that such owner cannot comply with the requirements of this section, due to hardship, within the first thirty-day period. The property owner may be granted a second extension by a majority vote of the county commission. There shall be no further extensions. For the purposes of this subsection, "hardship" may be financial, physical or any other condition that the county commission deems to be a valid reason to allow an extension of time to comply with the requirements of this section.

4. County commissions shall not withhold rock, which is provided from funds from the county aid road trust fund, for maintaining county roads due to the abutting property owner's refusal to remove brush located on land designated as the county right-of-way or county maintenance easement part of such owner's land. County commissions shall use such rock on the county roads, even though the brush is not removed, or county commissions may resort to the procedures in this section to remove the brush.

5. The county right-of-way or county maintenance easement shall extend fifteen feet from the center of the county road or the distance set forth in the original conveyance, whichever is greater. For purposes of this subsection, the "center of the county road" shall be the point equidistant from both edges of the drivable ground of the road in its current condition.

6. In the event a county is required to obtain a land survey to enforce this section, the costs of such survey shall be divided equally between the county and the landowner.

305.935. No political subdivision of this state shall impose a tax or other requirement,"; and

House Amendment No. 8

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 918, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"34.040. 1. All purchases in excess of **[**~~three~~**] ten** thousand dollars shall be based on competitive bids, except as otherwise provided in this chapter.

2. On any purchase where the estimated expenditure shall be **[**~~twenty-five~~**] one hundred** thousand dollars or over, except as provided in subsection 6 of this section, the commissioner of administration shall:

(1) Advertise for bids in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before bids for such purchases are to be opened. Other methods of advertisement, which may include minority business purchase councils, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post a notice of the proposed purchase in his or her office; and

(3) Solicit bids by mail or other reasonable method generally available to the public from prospective suppliers. All bids for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening bids.

3. The contract shall be let to the lowest and best bidder. The commissioner of administration shall have the right to reject any or all bids and advertise for new bids, or purchase the required supplies on the open market if they can be so purchased at a better price. When bids received pursuant to this section are unreasonable or unacceptable as to terms and conditions, noncompetitive, or the low bid exceeds available funds and it is determined in writing by the commissioner of administration that time or other circumstances will not permit the delay required to resolicit competitive bids, a contract may be negotiated pursuant to this section, provided that each responsible bidder who submitted such bid under the original solicitation is notified of the determination and is given a reasonable opportunity to modify their bid and submit a best and final bid to the state. In cases where the bids received are noncompetitive or the low bid exceeds available funds, the negotiated price shall be lower than the lowest rejected bid of any responsible bidder under the original solicitation.

4. The director of the department of revenue shall follow bidding procedures as contained in this chapter and may promulgate rules necessary to establish such procedures. No points shall be awarded on a request for proposal for a contract license office to a bidder for a return-to-the-state provision offer.

5. All bids shall be based on standard specifications wherever such specifications have been approved by the commissioner of administration. The commissioner of administration shall make rules governing the delivery, inspection, storage and distribution of all supplies so purchased and governing the manner in which all claims for supplies delivered shall be submitted, examined, approved and paid. The commissioner shall determine the amount of bond or deposit and the character thereof which shall accompany bids or contracts.

6. The department of natural resources may, without the approval of the commissioner of administration required pursuant to this section, enter into contracts of up to five hundred thousand dollars to abate illegal waste tire sites pursuant to section 260.276 when the director of the department determines that urgent action is needed to protect public health, safety, natural resources or the environment. The department shall follow bidding procedures pursuant to this section and may promulgate rules necessary to establish such procedures. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

7. The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise.

8. The commissioner of administration shall be authorized to hold a reverse auction to procure merchandise, supplies, raw materials, or finished goods if price is the primary factor in evaluating bids. The office of administration shall promulgate rules regarding the handling of the reverse auction process. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

34.042. 1. When the commissioner of administration determines that the use of competitive bidding is either not practicable or not advantageous to the state, supplies may be procured by competitive proposals. The commissioner shall state the reasons for such determination, and a report containing those reasons shall be maintained with the vouchers or files pertaining to such purchases. All purchases in excess of **[**~~five~~**] ten** thousand dollars to be made under this section shall be based on competitive proposals.

2. On any purchase where the estimated expenditure shall be **[**~~twenty-five~~**] one hundred** thousand dollars or over, the commissioner of administration shall:

(1) Advertise for proposals in at least two daily newspapers of general circulation in such places as are most likely to reach prospective offerors and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before proposals for such purchases are to be opened. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post notice of the proposed purchase; and

(3) Solicit proposals by mail or other reasonable method generally available to the public from prospective offerors.

All proposals for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening proposals. Proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation.

3. The contract shall be let to the lowest and best offeror as determined by the evaluation criteria established in the request for proposal and any subsequent negotiations conducted pursuant to this subsection. In determining the lowest and best offeror, as provided in the request for proposals and under rules promulgated by the commissioner of administration, negotiations may be conducted with responsible offerors who submit proposals selected by the commissioner of administration on the basis of reasonable criteria for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and subsequent revision of proposals**; however, a request for a proposal may set forth the manner for determining which offerors are eligible for negotiation including, but not limited to, the use of shortlisting**. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting negotiations there shall be no disclosure of any information derived from proposals submitted by competing offerors. The commissioner of administration shall have the right to reject any or all proposals and advertise for new proposals or purchase the required supplies on the open market if they can be so purchased at a better price.

4. The commissioner shall make available, upon request, to any members of the general assembly, information pertaining to competitive proposals, including the names of bidders and the amount of each bidder's offering for each contract.

34.044. 1. The commissioner of administration may waive the requirement of competitive bids or proposals for supplies when the commissioner has determined in writing that there is only a single feasible source for the supplies. Immediately upon discovering that other feasible sources exist, the commissioner shall rescind the waiver and proceed to procure the supplies through the competitive processes as described in this chapter. A single feasible source exists when:

(1) Supplies are proprietary and only available from the manufacturer or a single distributor; or

(2) Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or

(3) Supplies are available at a discount from a single distributor for a limited period of time.

2. On any single feasible source purchase where the estimated expenditure shall be **[**~~five~~**] ten** thousand dollars or over, the commissioner of administration shall post notice of the proposed purchase. Where the estimated expenditure is **[**~~twenty-five~~**] one hundred** thousand dollars or over, the commissioner of administration shall also advertise the commissioner's intent to make such purchase in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least five days before the contract is to be let. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased. The requirement for advertising may be waived, if not feasible, due to the supplies being available at a discount for only a limited period of time.

34.047. Notwithstanding any provision in section 34.040, section 34.100, or any other law to the contrary, departments shall have the authority to purchase products and services related to information technology when the estimated expenditure of such purchase shall not exceed **[**~~seventy-five~~**] one hundred fifty** thousand dollars, the length of any contract or agreement does not exceed twelve months, the department complies with the informal methods of procurement established in section 34.040, and 1 CSR 40-1.050(1) for expenditures of less than **[**~~twenty-five~~**] one hundred** thousand dollars, and the department posts notice of such proposed purchase on the online bidding/vendor registration system maintained by the office of administration. For the purposes of this section,

"information technology" shall mean any computer or electronic information equipment or interconnected system that is used in the acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of information, including audio, graphic, and text.

34.353. 1. Each contract for the purchase or lease of manufactured goods or commodities by any public agency, and each contract made by a public agency for construction, alteration, repair, or maintenance of any public works shall contain a provision that any manufactured goods or commodities used or supplied in the performance of that contract or any subcontract thereto shall be manufactured or produced in the United States.

2. This section shall not apply where the purchase, lease, or contract involves an expenditure of less than **[**~~twenty-five~~**] one hundred** thousand dollars. This section shall not apply when only one line of a particular good or product is manufactured or produced in the United States.

3. This section shall not apply where the executive head of the public agency certifies in writing that:

(1) The specified products are not manufactured or produced in the United States in sufficient quantities to meet the agency's requirements or cannot be manufactured or produced in the United States within the necessary time in sufficient quantities to meet the agency's requirements;

(2) Obtaining the specified products manufactured or produced in the United States would increase the cost of the contract by more than ten percent;

(3) The specified products are to be purchased or leased by a state-supported four-year institute of higher education and such certification as required by subdivision (1) or (2) of this subsection has been made within the last three years;

(4) The specified products are to be purchased or leased by a publicly supported institution and such certification as required by subdivision (1) or (2) of this subsection has been made within the last three years; or

(5) The political subdivision has adopted a formal written policy to encourage the purchase of products manufactured or produced in the United States.

4. The certificate required by this section shall specify the nature of the contract, the product being purchased or leased, the names and addresses of the United States manufacturers and producers contacted by the public agency or the project architect or engineer, and an indication that such manufacturers or producers could not supply sufficient quantities or that the price of the products would increase the cost of the contract by more than ten percent.

5. Certificates required by this section shall be maintained by the public agency for a period of three years."; and

"**67.115. 1. This section shall be known as the "Fairness to Homeowners Act". This section shall only apply to all counties of the first classification and all political subdivisions of counties of the first classification of this state, as defined in section 70.120, without exception, inclusive of the governing body, commissions, board, contractors, and employees of such political subdivisions.**

2. The political subdivision, governing body, or department responsible for reviewing and approving building plans of single family residential buildings in accordance with a residential building code observed by the political subdivision, including, but not limited to, the international residential code and its successors, replacements, updates, supplements, or building codes governing the construction of a residential structure for the issuance of a building permit, shall approve or deny such building plans within eight business days following submission of such plans. Any denied plans shall be accompanied by a documented list of specific code violations which shall be addressed in order to obtain a building permit. If denied plans are resubmitted and properly address such written reasons for denial, the revised building plans shall be reconsidered and approved within seven business days of resubmission without any new or additional recommendations made on such plans, unless the resubmission contains a defect not contained in the original submission. In the event any resubmitted plans are not approved or denied within seven business days, such plans shall be deemed approved as resubmitted and a permit for the work described in the building plans shall be issued within three business days.

3. The recipient of a building permit may retain an engineer or architect licensed in the state of Missouri to conduct structural inspections of the concrete, footing, and foundation work being undertaken pursuant to a building permit in lieu of the political subdivision, governing body, or department of such political subdivision conducting building permit inspections. Such licensed engineer or architect shall have a business license in the political subdivision in which the inspection is held if required to do so by said political subdivision. The political subdivision may create an approval process for licensed engineers and architects to be authorized to certify the building inspections. An engineer or architect may be removed from the approved third-party inspection list if the engineer or architect fails to maintain his or her professional certification or fails to follow required procedures outlined in the political subdivision's policy. To avoid a conflict of interest, inspections may not be performed for a contractor if the inspector or certifying person is employed by, or affiliated with, the contractor through a partnership, corporation, or other business entity. The licensed engineer or architect shall submit reports to the political subdivision of the work being undertaken under the building permit on the uniform inspection forms in use by the political subdivision. Structural inspections shall include concrete footings and foundation walls. Should the recipient of a building permit choose to use a licensed engineer or architect to conduct the structural inspections on the dwelling, this shall not prohibit the political subdivision from conducting framing, mechanical, plumbing, electrical, or other required inspections before the drywall cover up."; and

4. When an investigation by a juvenile officer pursuant to this section reveals that the only basis for action involves an alleged violation of section 167.031 involving a child who alleges to be home schooled, the juvenile officer shall contact a parent or parents of such child to verify that the child is being home schooled and not in

violation of section 167.031 before making a report of such a violation. Any report of a violation of section 167.031 made by a juvenile officer regarding a child who is being home schooled shall be made to the prosecuting attorney of the county where the child legally resides.

5. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child **[**~~or person seventeen years of age~~**]**, alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. 2. Upon request from any party, the court shall hold a protective custody hearing. Such hearing shall be held within three days of the request for a hearing, excluding Saturdays, Sundays and legal holidays. For circuits participating in a pilot project established by the Missouri supreme court, the parties shall be notified at the status conference of their right to request a protective custody hearing.

3. No later than February 1, 2005, the Missouri supreme court shall require a mandatory court proceeding to be held within three days, excluding Saturdays, Sundays, and legal holidays, in all cases under subdivision (1) of subsection 1 of section 211.031. The Missouri supreme court shall promulgate rules for the implementation of such mandatory court proceedings and may consider recommendations from any pilot projects established by the Missouri supreme court regarding such proceedings. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. The division, in consultation with the department of elementary and secondary education, shall establish the necessary procedures to implement the provisions of this subsection.

211.033. 1. No person under the age of **[**~~seventeen~~**]** **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071 shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of **[**~~seventeen~~**]** **eighteen** to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

[~~3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.~~**]**

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with

section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes **[**~~seventeen~~**] eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for **[**~~him~~**] the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of **[**~~seventeen~~**] eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and **[**~~seventeen~~**] eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023**, **[**~~or~~**]** distribution of drugs under section 195.211 **as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055**, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between **[**~~seventeen~~**] eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject

to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his **or her** home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition;

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

(10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

(1) Findings showing that the court had jurisdiction of the cause and of the parties;

(2) Findings showing that the child was represented by counsel;

(3) Findings showing that the hearing was held in the presence of the child and his **or her** counsel; and

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under **[**~~seventeen~~**]** **eighteen** years **[**~~and six months~~**]** of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of **[**~~seventeen~~**]** **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the juvenile officer in writing that a child appears to be within the purview of applicable provisions of section 211.031 **[**~~or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031~~**]**, the juvenile officer shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child **[**~~or person seventeen years of age~~**]** require that further action be taken. On the basis of this inquiry, the juvenile officer may make such informal adjustment as is practicable without a petition or file a petition. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child **[**~~or person seventeen years of age~~**]** which would place or commit the child **[**~~or person seventeen years of age~~**]** to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child **[**~~or person seventeen years of age~~**]** and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child **[**~~or person seventeen years of age~~**]** which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child **[**~~or person seventeen years of age~~**]**. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child **[**~~or person seventeen years of age~~**]**. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child **[**~~or person seventeen years of age~~**]**.

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled "In the interest of ....., a child under **[**~~seventeen~~**]** **eighteen** years of age" **[**~~or "In the interest of ....., a child seventeen years of age" or "In the interest of ....., a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition~~**]**.

2. The petition shall set forth plainly:

(1) The facts which bring the child **[**~~or person seventeen years of age~~**]** within the jurisdiction of the court;

(2) The full name, birth date, and residence of the child **[**~~or person seventeen years of age~~**]**;

(3) The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child **[**~~or person seventeen years of age~~**]** or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact."; and

Further amend said bill, Page 2, Section 211.093, Line 46, by inserting after said section and line the following:

"211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child **[**~~or person seventeen years of age~~**]** to appear personally and, unless the court orders otherwise, to bring the child **[**~~or person seventeen years of age~~**]** before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child **[**~~or person seventeen years of age~~**]**, then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child **[**~~or person seventeen years of age~~**]** is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child **[**~~or person seventeen years of age~~**]** into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child **[**~~or person seventeen years of age~~**]** within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child **[**~~or person seventeen years of age~~**]** may be given consideration in the disposition of his **or her** case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children **[**~~or persons seventeen years of age~~**]** coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children **[**~~or persons seventeen years of age~~**]** under its jurisdiction.

211.181. 1. When a child **[**~~or person seventeen years of age~~**]** is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child **[**~~or person seventeen years of age~~**]**, and the court may, by order duly entered, proceed as follows:

(1) Place the child **[**~~or person seventeen years of age~~**]** under supervision in his **or her** own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child **[**~~or person seventeen years of age~~**]** to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child **[**~~or person seventeen years of age~~**]** may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child **[**~~or person seventeen years of age~~**]** in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child **[**~~or person seventeen years of age~~**]** in a family home;

(4) Cause the child **[**~~or person seventeen years of age~~**]** to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child **[**~~or person seventeen years of age~~**]** requires it, cause the child **[**~~or person seventeen years of age~~**]** to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child **[**~~or person seventeen years of age~~**]** whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child **[**~~or person seventeen years of age~~**]**;

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he **or she** is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court.

Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Beginning January 1, 1996, the court may make further directions as to placement with the division of youth services concerning the child's length of stay. The length of stay order may set forth a minimum review date;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his **or her** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his **or her** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. 4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021,

RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons **[**~~seventeen~~**]** **eighteen** years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his **[**~~seventeenth~~**] or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's **[**~~seventeenth~~**] eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. 1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person **[**~~seventeen~~**] eighteen** years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the case may be, for appropriate proceedings.

211.425. 1. Any person who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape, forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender and shall be required to register as a juvenile sex offender by complying with the registration requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen years of age or older at the time of the offense and the offense adjudicated would be considered a felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such offense, in which case, the juvenile shall be required to register as an adult sexual offender under sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex offender or any court having jurisdiction over a juvenile required to register as a juvenile sex offender, or any person required to register as a juvenile sex offender, shall, within ten days of the juvenile offender moving into any county of this state, register with the juvenile office of the county. If such juvenile offender changes residence or address, the state agency, court or person shall inform the juvenile office within ten days of the new residence or address and shall also be required to register with the juvenile office of any new county of residence. Registration shall be accomplished by completing a registration form similar to the form provided for in section 589.407. Such form shall include, but is not limited to, the following:

(1) A statement in writing signed by the juvenile, giving the juvenile's name, address, Social Security number, phone number, school in which enrolled, place of employment, offense which requires registration, including the date, place, and a brief description of such offense, date and place of adjudication regarding such offense, and age and gender of the victim at the time of the offense; and

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their jurisdictions who register as required by this section. Information contained on the registration forms shall be kept confidential and may be released by juvenile offices to only those persons and agencies who are authorized to receive information from juvenile court records as provided by law, including, but not limited to, those specified in section 211.321. State agencies having custody of juveniles who fall within the registration requirements of this section

shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person **[**~~seventeen~~**] eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

5. Any juvenile to whom the registration requirement of this section applies shall be informed by the official in charge of the juvenile's custody, upon the juvenile's discharge or release from such custody, of the requirement to register pursuant to this section. Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile **[**~~will~~**] shall** be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

6. The requirement to register as a juvenile sex offender shall terminate upon the juvenile offender reaching age twenty-one, unless such juvenile offender is required to register as an adult offender pursuant to section 589.400.

211.431. Any person **[**~~seventeen~~**] eighteen** years of age or over who willfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provision of this chapter is guilty of a class A misdemeanor.

211.435. 1. There is hereby created in the state treasury the "Juvenile Justice Preservation Fund", which shall consist of moneys collected under subsection 2 of this section and sections 488.315 and 558.003, any gifts, bequests, and donations, and any other moneys appropriated by the general assembly. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be distributed to the judicial circuits of the state based upon the increased workload created by sections 211.021 to 211.425 solely for the administration of the juvenile justice system. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The provisions of this subsection shall expire on August 28, 2024.

2. For all traffic violations of any county ordinance or any violation of traffic laws of this state, including an infraction, in which a person has pled guilty, there shall be assessed as costs a surcharge in the amount of two dollars. No such surcharge shall be collected in any proceeding involving a violation of an ordinance or state law when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county or municipality. Such surcharge shall be collected and disbursed by the clerk of the court as provided by sections 488.010 to 488.020. The surcharge collected under this section shall be paid into the state treasury to the credit of the juvenile justice preservation fund created in this section. The provisions of this subsection shall expire if the provisions of subsection 1 of this section expire."; and

Further amend said bill, Page 9, Section 211.447, Line 218, by inserting after said section and line the following:

"221.044. No person under the age of **[**~~seventeen~~**] eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of **[**~~seventeen~~**] eighteen** to a juvenile detention facility.

House Amendment No. 1

AMEND House Amendment No. 1 to House Committee Substitute for Senate Bill No. 800, Page 13, Line 15, by inserting after all of said line the following:

"211.211. 1. A child is entitled to be represented by counsel in all proceedings under subdivision (2) or (3) of subsection 1 of section 211.031 and by a guardian ad litem in all proceedings under subdivision (1) of subsection 1 of section 211.031.

2. The court shall appoint counsel for a child prior to the filing of a petition if a request is made therefor to the court and the court finds that the child is the subject of a juvenile court proceeding and that the child making the request is indigent.

3. **(1)** When a petition has been filed under subdivision (2) or (3) of subsection 1 of section 211.031, the court shall appoint counsel for the child except if private counsel has entered his or her appearance on behalf of the child or if counsel has been waived in accordance with law**; except that, counsel shall not be waived for any proceeding specified under subsection 10 of this section**.

(2) If a child waives his or her right to counsel, such waiver shall be made in open court and be recorded and in writing. In determining whether a child has knowingly, intelligently, and voluntarily waived his or her right to counsel, the court shall look to the totality of the circumstances including, but not limited to, the child's age, intelligence, background, and experience generally and in the court system specifically; the child's emotional stability; and the complexity of the proceedings. No parent, guardian, custodian, or other person shall waive the child's right to counsel.

4. When a petition has been filed and the child's custodian appears before the court without counsel, the court shall appoint counsel for the custodian if it finds:

(1) That the custodian is indigent; and

(2) That the custodian desires the appointment of counsel; and

(3) That a full and fair hearing requires appointment of counsel for the custodian.

5. Counsel shall be allowed a reasonable time in which to prepare to represent his client.

6. Counsel shall serve for all stages of the proceedings, including appeal, unless relieved by the court for good cause shown. If no appeal is taken, services of counsel are terminated following the entry of an order of disposition.

7. The child and his custodian may be represented by the same counsel except where a conflict of interest exists. Where it appears to the court that a conflict exists, it shall order that the child and his custodian be represented by separate counsel, and it shall appoint counsel if required by subsection 3 or 4 of this section.

8. When a petition has been filed, a child may waive his **or her** right to counsel only with the approval of the court **and if such waiver is not prohibited under subsection 10 of this section**. **If a juvenile waives his or her right to counsel for any proceeding except proceedings under subsection 10 of this section, the waiver shall only apply to that proceeding. In any subsequent proceeding, the child shall be informed of his or her right to counsel.**

9. Waiver of counsel by a child may be withdrawn at any stage of the proceeding, in which event the court shall appoint counsel for the child if required by subsection 3 of this section.

10. A child's right to be represented by counsel shall not be waived in any of the following proceedings:

(1) At a detention hearing under Missouri supreme court rule 127.08;

(2) At a certification hearing under section 211.071 or a dismissal hearing under Missouri supreme court rule 129.04;

On motion of Representative Schroer, **House Amendment No. 1** was adopted.

Representative Dogan offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 800, Page 9, Section 211.447, Line 218, by inserting immediately after said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed as in all other criminal cases. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the offense upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

(1) If the trier finds by a preponderance of the evidence that the defendant is intellectually disabled; or

(2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or

(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed.

If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury**,** it shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment**,** the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor **[**~~or death~~**]**. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's intellectual disability may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "intellectual disability" or "intellectually disabled" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and limitations in two or more adaptive behaviors such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern offenses committed on or after August 28, 2001."; and

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The just shall live by faith. (Romans 1:17)

Most Merciful God, we begin this day conscious of our own strengths and needs yet very aware of Your great power to sustain us in our endeavors. Keep us faithful in the performance of our duties, loyal to every high and lofty principle, responsive to the needs of our citizens, and, above all, receptive to the leading of Your living spirit.

We pray for our state and our leaders, that we may be delivered from malice, bitterness, and revenge. Strengthen within us all a true sense of justice, a proper regard for the rights of others, and a genuine spirit of goodness. Together may we walk with You, and with one another, as we go forward, with liberty, humility and justice for all.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Speaker Richardson assumed the Chair.

The Journal of the sixty-ninth day was approved as printed by the following vote:

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 1350, Page 61, Section 610.120, Line 16, by inserting after all of said line the following:

"650.055. 1. Every individual who:

(1) Is found guilty of a felony or any offense under chapter 566; or

(2) Is seventeen years of age or older and arrested for **[**burglary in the first degree under section 569.160, or burglary in the second degree under section 569.170, or**]** a felony offense **[**under chapter 565, 566, 567, 568, or 573**]**; or

(3) Has been determined to be a sexually violent predator pursuant to sections 632.480 to 632.513; or

(4) Is an individual required to register as a sexual offender under sections 589.400 to 589.425;

shall have a fingerprint and blood or scientifically accepted biological sample collected for purposes of DNA profiling analysis.

2. Any individual subject to DNA collection and profiling analysis under this section shall provide a DNA sample:

(1) Upon booking at a county jail or detention facility; or

(2) Upon entering or before release from the department of corrections reception and diagnostic centers; or

(3) Upon entering or before release from a county jail or detention facility, state correctional facility, or any other detention facility or institution, whether operated by a private, local, or state agency, or any mental health facility if committed as a sexually violent predator pursuant to sections 632.480 to 632.513; or

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(5) If such individual is under the jurisdiction of the department of corrections. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, and on parole, as also defined in section 217.650; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

4. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on **one or more of** the **following** grounds **[**that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040**]:**

(a) The conviction on which the authority for including that person's DNA record or DNA profile was based on has been reversed;

(b) The guilty plea on which the authority for including that person's DNA record or DNA profile was based on has been set aside;

(c) The prosecutor has declined prosecution on all alleged offenses which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;

(d) The prosecutor has withdrawn all qualifying charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;

(e) The case or cases containing all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile, are dismissed;

(f) The court finds at a preliminary hearing that there is no probable cause to try that person for any charge which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile;

(g) That person is found not guilty of all charges which, upon conviction, would authorize the inclusion of that person's DNA record or DNA profile.

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

[10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.**]"**; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 1355, Pages 62-63, Section 260.558, by striking said section and inserting in lieu thereof the following:

"**260.558. 1. There is hereby created in the state treasury the "Radioactive Waste Investigation Fund". The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely by the department of natural resources to investigate concerns of exposure to radioactive waste. Upon written request by a local governing body expressing concerns of radioactive waste contamination in a specified area within its jurisdiction, the department of natural resources shall use moneys in the radioactive waste investigation fund to develop and conduct an investigation, using sound scientific methods, for the specified area of concern. The request by a local governing body shall include a specified area of concern and any supporting documentation related to the concern. The department shall prioritize requests in the order in which they are received, except that the department may give priority to requests that are in close proximity to federally designated sites where radioactive contaminants are known or reasonably expected to exist. The investigation shall be performed by applicable federal or state agencies or by a qualified contractor selected by the department through a competitive bidding process. In conducting an investigation under this section, the department shall work with the applicable government agency or approved contractor, as well as local officials, to develop a sampling and analysis plan to determine if radioactive contaminants in the area of concern exceed federal standards for remedial action due to contamination. Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. Within forty-five days of receiving the final sampling results, the department shall report the results to the attorney general and the local governing body that requested the investigation and make the finalized report and testing results publicly available on the department's website.**

The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

(9) The commission shall maintain its financial records in accordance with the bylaws; and

(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

4. The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided that, the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a member state;

(13) To adopt and use an official seal; and

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

5. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

190.927. 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Significant investigatory information;

(4) Adverse actions against an individual's license;

(5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;

(6) Nonconfidential information related to alternative program participation;

(7) Any denial of application for licensure and the reasons for such denial; and

(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

190.930. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or member state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

190.933. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

190.936. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

190.939. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

2. The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify the service claims as soon as practicable after the filing of the statement of service.

(11) Any offense of section 571.030, except any offense under subdivision (1) of subsection 1 of section 571.030 where the person was convicted or found guilty prior to January 1, 2017.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

(1) The petitioner's:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense, violation, or infraction for which the petitioner is requesting expungement;

(3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

(4) The name of the county where the petitioner was charged for each offense, violation, or infraction and if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

(5) The case number and name of the court for each offense.

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) It has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

(3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;

(4) The person does not have charges pending;

(5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and

(6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency,

prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief.".

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and

Further amend the title and enacting clause accordingly.

(5) "Originating site", a site at which a patient is located at the time health care services are provided to him or her by means of telemedicine. For the purposes of asynchronous store-and-forward transfer, originating site shall also mean the location at which the health care provider transfers information to the distant site;

(6) "Telehealth" or "telemedicine", the delivery of health care services by means of information and communication technologies which facilitate the assessment, diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care while such patient is at the originating site and the health care provider is at the distant site. Telehealth or telemedicine shall also include the use of asynchronous store-and-forward technology.

2. Any licensed health care provider shall be authorized to provide telehealth services if such services are within the scope of practice for which the health care provider is licensed and are provided with the same standard of care as services provided in person. **This section shall not be construed to prohibit a health carrier, as defined in section 376.1350, from reimbursing non-clinical staff for services otherwise allowed by law.**

3. In order to treat patients in this state through the use of telemedicine or telehealth, health care providers shall be fully licensed to practice in this state and shall be subject to regulation by their respective professional boards.

4. Nothing in subsection 3 of this section shall apply to:

(1) Informal consultation performed by a health care provider licensed in another state, outside of the context of a contractual relationship, and on an irregular or infrequent basis without the expectation or exchange of direct or indirect compensation;

(2) Furnishing of health care services by a health care provider licensed and located in another state in case of an emergency or disaster; provided that, no charge is made for the medical assistance; or

(3) Episodic consultation by a health care provider licensed and located in another state who provides such consultation services on request to a physician in this state.

5. Nothing in this section shall be construed to alter the scope of practice of any health care provider or to authorize the delivery of health care services in a setting or in a manner not otherwise authorized by the laws of this state.

6. No originating site for services or activities provided under this section shall be required to maintain immediate availability of on-site clinical staff during the telehealth services, except as necessary to meet the standard of care for the treatment of the patient's medical condition if such condition is being treated by an eligible health care provider who is not at the originating site, has not previously seen the patient in person in a clinical setting, and is not providing coverage for a health care provider who has an established relationship with the patient.

"354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, and legal authority of its providers to furnish all contracted benefits to enrollees. The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, financial institutions and professional registration, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the health carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

(1) The health carrier's network;

(2) The health carrier's procedures for making referrals within and outside its network;

(3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;

(4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;

(5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;

(6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;

(7) The health carrier's process for enabling enrollees to change primary care professionals;

(8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other health care professionals in a timely manner; and

(9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

(1) The managed care plan is a Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal Centers for Medicare and Medicaid Services;

(2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;

(3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. If the accreditation applies to only a portion of the managed care plan's network, only the accredited portion will be deemed adequate; **[**~~or~~**]**

(4) The managed care plan is being offered by a health carrier that has been accredited by the Utilization Review Accreditation Commission at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed**; or**

All claims shall be paid within thirty days of the receipt by the insurer of all documents reasonably needed to determine the claim.

3. Nothing in this section shall preclude an insurer from voluntarily issuing an instrument of payment in the single name of the provider.

4. **Except as provided in subsection 5 of this section,** this section shall not require any insurer, health services corporation, health maintenance corporation or preferred provider organization which directly contracts with certain members of a class of providers for the delivery of health care services to issue payment as provided pursuant to this section to those members of the class which do not have a contract with the insurer.

5. When a patient's health benefit plan does not include or require payment to out-of-network providers for all or most covered services, which would otherwise be covered if the patient received such services from a provider in the carrier's network, including but not limited to health maintenance organization plans, as such term is defined in section 354.400, or a health benefit plan offered by a carrier consistent with subdivision (19) of section 376.426, payment for all services shall be made directly to the providers when the health carrier has authorized such services to be received from a provider outside the carrier's network.

(1) Within forty-five processing days, as defined in 376.383, of receiving the health care professional's claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional's services. If the health care professional participates in one or more of the carrier's commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.

(2) If the health care professional declines the health carrier's initial offer of reimbursement, the health carrier and health care professional shall have sixty days to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(3) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(4) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within 120 days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A bill for unanticipated out of network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Bills may be combined for purposes of arbitration, but only to the extent the bills represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (2) through (4) of this subsection.

(5) No health care professional shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. When unanticipated out-of-network care is provided, the health care professional may bill a patient for no more than the cost-sharing requirements described under this section.

(1) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(2) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(3) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

4. The director shall ensure access to an external arbitration process when a health care professional and health carrier cannot agree to a reimbursement under subdivision (2) of subsection 2 of this section. In order to ensure access, when notified of a parties' intent to arbitrate, the director shall randomly select an arbitrator for each case from the department's approved list of arbitrators or entities that provide binding arbitration. The director shall specify the criteria for an approved arbitrator or entity by rule. The costs of arbitration shall be shared equally between and will be directly billed to the health care professional and health carrier. These costs will include, but are not limited to, reasonable time necessary for the arbitrator to review materials in preparation for the arbitration, travel expenses and reasonable time following the arbitration for drafting of the final decision.

5. At the conclusion of such arbitration process, the arbitrator shall issue a final decision, which shall be binding on all parties. The arbitrator shall provide a copy of the final decision to the director. The initial request for arbitration, all correspondence and documents received by the Department and the final arbitration decision shall be considered a closed record under section 374.071. However, the director may release aggregated summary data regarding the arbitration process. The decision of the arbitrator shall not be considered an agency decision nor shall it be considered a contested case within the meaning of 536.010.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

(1) The health care professional's training, education, or experience;

(2) The nature of the service provided;

(3) The health care professional's usual charge for comparable services provided;

(4) The circumstances and complexity of the particular case, including the time and place the services were provided; and

(5) The average contracted rate for comparable services provided in the same geographic area.

8. The enrollee shall not be required to participate in the arbitration process. The health care professional and health carrier shall execute a nondisclosure agreement prior to engaging in an arbitration under this section.

9. This section shall take effect on January 1, 2019.

10. The department of insurance, financial institutions and professional registration may promulgate rules and fees as necessary to implement the provisions of this section, including but not limited to, procedural requirements for arbitration. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section

and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void."; and

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 10, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty. (Psalm 91:1)

Great God of Grace and Goodness, we thank You for this quiet moment of prayer. When facing the serious duties that confront us and seeking to carry the responsibilities committed to our care, we can look from the visible to the invisible, from the temporal to the eternal, and in so doing gain courage for these minutes, wisdom for these hours, and strength for these final days. In Your presence may we receive the resources which make us suitable for our tasks, give us steadfast devotion for what is right, and keep us dedicated to the purpose for which this state was established.

Among the confusion and chaos of these times may we know that Your truth is eternal, and may we here determine that we will walk with You and work for You in building a state where righteousness, justice and peace shall prevail forever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventieth day was approved as printed by the following vote:

2. Within the limits of the amounts appropriated therefor, the coordinating board for higher education shall award annually up to twenty-five grants to survivors of qualifying military members to attend institutions of postsecondary education in this state, which shall continue to be awarded annually to eligible recipients as long as the recipient achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. If the waiting list of eligible survivors exceeds fifty, the coordinating board may petition the

general assembly to expand the quota. If the quota is not expanded, then the eligibility of survivors on the waiting list shall be extended.

4. The coordinating board for higher education shall:

(1) Promulgate all necessary rules and regulations for the implementation of this section; and

(2) An allowance of up to two thousand dollars per semester for room and board; and

(3) The actual cost of books, up to a maximum of five hundred dollars per semester.

8. A survivor who is a recipient of a grant may transfer from one approved public institution of postsecondary education to another without losing his or her entitlement under this section. The board shall make necessary adjustments in the amount of the grant. If a grant recipient at any time withdraws from the institution of postsecondary education so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees, room and board, books, or other charges, the institution shall pay the portion of the refund to which he or she is entitled attributable to the grant for that semester or similar grading period to the board.

9. If a survivor is granted financial assistance under any other student aid program, public or private, the full amount of such aid shall be reported to the board by the institution and the eligible survivor.

10. Nothing in this section shall be construed as a promise or guarantee that a person will be admitted to an institution of postsecondary education or to a particular institution of postsecondary education, will be allowed to continue to attend an institution of postsecondary education after having been admitted, or will be graduated from an institution of postsecondary education.

11. The benefits conferred by this section shall be available to any academically eligible student of a qualifying military member. Surviving children who are eligible shall be permitted to apply for full benefits conferred by this section until they reach twenty-five years of age.

(2) If such program is reauthorized, the program authorized under this section shall sunset automatically twelve years after June 13, 2016; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

(4) A course of instruction, study or training program sponsored by an employer for the training and preparation of its own employees;

(5) A course of study or instruction conducted by a trade, business or professional organization with a closed membership where participation in the course is limited to bona fide members of the trade, business or professional organization, or a course of instruction for persons in preparation for an examination given by a state board or commission where the state board or commission approves that course and school;

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

(3) Any rules or regulations regarding assistant physicians in effect as of the effective date of this section that conflict with the provisions of this section and section 334.037 shall be null and void as of the effective date of this section.

4. An assistant physician shall clearly identify himself or herself as an assistant physician and shall be permitted to use the terms "doctor", "Dr.", or "doc". No assistant physician shall practice or attempt to practice without an assistant physician collaborative practice arrangement, except as otherwise provided in this section and in an emergency situation.

5. The collaborating physician is responsible at all times for the oversight of the activities of and accepts responsibility for primary care services rendered by the assistant physician.

6. The provisions of section 334.037 shall apply to all assistant physician collaborative practice arrangements. **[**~~To be eligible to practice as an assistant physician, a licensed assistant physician shall enter into an assistant physician collaborative practice arrangement within six months of his or her initial licensure and shall not have more than a six-month time period between collaborative practice arrangements during his or her licensure period.~~**]** Any renewal of licensure under this section shall include verification of actual practice under a collaborative practice arrangement in accordance with this subsection during the immediately preceding licensure period.

7. Each health carrier or health benefit plan that offers or issues health benefit plans that are delivered, issued for delivery, continued, or renewed in this state shall reimburse an assistant physician for the diagnosis, consultation, or treatment of an insured or enrollee on the same basis that the health carrier or health benefit plan covers the service when it is delivered by another comparable mid-level health care provider including, but not limited to, a physician assistant.

Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician's skill, training, and competence and the skill and training of the collaborating physician.

2. The written collaborative practice arrangement shall contain at least the following provisions:

L.** 95-210 **[**~~,~~**] (42 U.S.C. Section 1395x), as amended,** as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health

clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(8) The duration of the written practice agreement between the collaborating physician and the assistant physician;

(9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

3. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than **[**~~three~~**] six** full-time equivalent assistant physicians**, full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof**. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008**, or to a certified registered nurse anesthetist providing**

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill**, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician**. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009**, or assistant physicians providing opioid addiction treatment**.

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and

provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. **An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patient's receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician.**

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. (10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than **[**~~three~~**] six** full-time equivalent advanced practice registered nurses**, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof**. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008**, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section**.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the

collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

2. For qualified Missouri projects placed in service after January 1, 1997, the Missouri low-income housing tax credit available to a project shall be such amount as the commission shall determine is necessary to ensure the feasibility of the project, up to an amount equal to the federal low-income housing tax credit for a qualified Missouri project, for a federal tax period, and such amount shall be subtracted from the amount of state tax otherwise due for the same tax period.

3. No more than six million dollars in tax credits shall be authorized each fiscal year for projects financed through tax-exempt bond issuance.

Thereupon, the value of the tax credit shall equal the amount determined by the commission under subsection 2 of this section.**

(3) For each fiscal year beginning on or after July 1, 2018, if the maximum amount of tax credits allowed in any fiscal year as provided under subdivisions (1) and (2) of this subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be adjusted by the percentage increase in the Consumer Price Index for All Urban Consumers, or its successor index, as such index is defined and officially reported by the United States Department of Labor, or its successor agency. Only one such adjustment shall be made for each instance in which the provisions of this subdivision apply. The director of the department of economic development shall publish such adjusted amount.

3. For all applications for tax credits approved on or after January 1, 2010, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection **[**~~8~~**] 10** of this section, shall be prioritized for review and approval, in the order of the date on which the application was

postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection **[**~~8~~**] 10** of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; **[**~~and~~**]**

(5) **A copy of all land use and building approvals reasonably necessary for the commencement of the project; and**

(6) Any other information which the department of economic development may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. **In evaluating an application for tax credits submitted under this section, the department of economic development shall also consider:**

(1) The amount of projected net fiscal benefit of the project to the state and local municipality, and the period in which the state and municipality would realize such net fiscal benefit;

(2) The overall size and quality of the proposed project, including the estimated number of new jobs to be created by the project, the potential multiplier effect of the project, and similar factors;

(3) The level of economic distress in the area; and

(4) Input from the local elected officials and local municipality in which the proposed project is located as to the importance of the proposed project to the municipality.

4. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. **If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.**

[~~4.~~**] 5.** Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

[~~5.~~**] 6.** In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other

approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty day period from the date of such notice to submit additional evidence to remedy the failure.

[~~6.~~**] 8.** All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within **[**~~two years~~**] nine months** of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

[~~7.~~**] 9.** To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[~~8.~~**] 10.** Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection **[**~~3~~**] 4** of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

[~~9.~~**] 11.** The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property."; and

"Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (10) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (8) of section 135.100 which is used at and in connection with the eligible project. New qualified investment shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 and 5 of section 135.250. The director of the department of economic development shall notify the directors of the

departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section may apply, shall be determined in the same manner as prescribed in subdivision (5) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (5) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership.

The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county **[**~~of the first classification~~**]** that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable costs eligible for tax credits under sections 447.700 to 447.718 so long as the redevelopment of such former automobile manufacturing plant shall be projected to create at least two hundred fifty new jobs or at least three hundred retained jobs, or a combination thereof, as determined by the department of economic development. The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing."; and

An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;~~

~~(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;~~

~~(9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;~~

~~(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.~~

~~2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.~~

~~3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.~~

~~4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:~~

~~(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or~~

~~(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.~~

~~5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the~~

~~allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.~~

~~6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.~~

~~7. Under section 23.253 of the Missouri sunset act:~~

~~(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and~~

~~(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and~~

~~(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.~~**]**

[~~135.682. 1. The director of the department of economic development or the director's designee shall issue letter rulings regarding the tax credit program authorized under section 135.680, subject to the terms and conditions set forth in this section. The director of the department of economic development may impose additional terms and conditions consistent with this section to requests for letter rulings by regulation promulgated under chapter 536. For the purposes of this section, the term "letter ruling" means a written interpretation of law to a specific set of facts provided by the applicant requesting a letter ruling.~~

~~2. The director or director's designee shall respond to a request for a letter ruling within sixty days of receipt of such request. The applicant may provide a draft letter ruling for the department's consideration. The applicant may withdraw the request for a letter ruling, in writing, prior to the issuance of the letter ruling. The director or the director's designee may refuse to issue a letter ruling for good cause, but must list the specific reasons for refusing to issue the letter ruling. Good cause includes, but is not limited to:~~

~~(1) The applicant requests the director to determine whether a statute is constitutional or a regulation is lawful;~~

~~(2) The request involves a hypothetical situation or alternative plans;~~

~~(3) The facts or issues presented in the request are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue a letter ruling; and~~

~~(4) The issue is currently being considered in a rulemaking procedure, contested case, or other agency or judicial proceeding that may definitely resolve the issue.~~

~~3. Letter rulings shall bind the director and the director's agents and their successors until such time as the taxpayer or its shareholders, members, or partners, as applicable, claim all of such tax credits on a Missouri tax return, subject to the terms and conditions set forth in properly published regulations. The letter ruling shall apply only to the applicant.~~

~~4. Letter rulings issued under the authority of this section shall not be a rule as defined in section 536.010 in that it is an interpretation issued by the department with respect to a specific set of facts and intended to apply only to that specific set of facts, and therefore shall not be subject to the rulemaking requirements of chapter 536.~~

~~5. Information in letter ruling requests as described in section 620.014 shall be closed to the public. 620.2010. 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

(1) The significance of the qualified company's need for program benefits;

(2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

(4) The financial stability and creditworthiness of the qualified company;

(5) The level of economic distress in the area;

(6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

(7) The percent of local incentives committed.

(2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(3) Clawback provisions, as may be required by the department; and

(4) Any other provisions the department may require.

4. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created,

or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

[~~The department shall issue a refundable tax credit for~~**]** Any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, **[**~~in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection~~**] shall not be refunded**.

5. In addition to the benefits available under subsection 4 of this section, the department may award a qualified company that satisfies the provisions of subsection 4 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first."; and

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, FRIDAY, MAY 11, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I had fainted, unless I had believed to see the goodness of the Lord in the land of the living. (Psalm 27:13)

Eternal God, whose strength secures those who trust in You and whose love gives understanding to those who walk in Your way, among the responsibilities we face, help us to look up and to see the shining truth of Your eternal presence. Forgive us when we forget that above our pride and prejudices You are calling us to higher principles; underneath our weaknesses and imperfections, You are offering us the strength of Your spirit; and around our failures and frustrations, You are calling us to wider fields of human service.

Make our state worthy of Your blessing and willing to be a channel through which the spirit of democracy may flow. Grant us grace to heal the broken relationships of our people and to give light to those who look to us for leadership.

Finally, bless all mothers, living and deceased, on this Mother's Day weekend.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Andrew Jorgensen.

The Journal of the seventy-first day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-THIRD DAY, MONDAY, MAY 14, 2018

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Ken Wilson.

Heavenly Father, we know of no better way to begin the work of this last week of session than by seeking Your guidance and Your counsel for our lives. We thank You for giving us access to You through prayer and for the delight You take in listening. We ask for forgiveness for the times that we only go through the motions with our prayer life. Give each of us a pure heart to believe and not doubt. Lord, we want to trust not only that You hear us but that You'll help us. We want to trust in Your greater purposes for the countless things that we do not know, see, or understand.

Father, we the members of this honorable body we come before You united in our prayers for Your blessing, Your guidance, and Your help, that we may faithfully do what is best for the people and what is right in Your sight. We pray that we the members will work together as a team for the welfare of all Your people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventy-second day was approved as printed by the following vote:

The following proclamation was received from His Excellency, Governor Eric R. Greitens.

PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in "equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly "when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based."

NOW THEREFORE, I, Eric R. Greitens, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Ninth General Assembly of the State of Missouri:

> I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that, through the third quarter of fiscal year 2018, the rate of expenditure for each of the appropriation lines in the fiscal year 2018 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.
>
> I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that I have taken no action to permanently reduce one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2018 budget.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, this 14th day of May 2018.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The name of the Lord is a strong tower; the righteous man runs into it and is safe. (Proverbs 18:10)

Almighty and Ancient God, who is a strong defender of all who put their sacred trust in You, we, Your humble children, come to You with gratitude for Your steadfast love, praying that You will continue to be our refuge and strength in every hour of this final week. Grant us insight and courage to avoid the voice of moral compromise and to shy away from all that is morally or ethically questionable.

In hours of decision, during times of temptation, through days of responsibility, and in periods of suffering, may we have the gift of an inward peace that comes to those whose minds are stayed on You. Teach us to value a clear conscience, a clean mind, a pure heart, and a sense of Your presence before all the honors and glory earthly things can bring us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Erin Victoria Dorris and Jordan Amir Smith.

The Journal of the seventy-third day was approved as printed by the following vote:

Senate Amendment No. 7

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 2562, Page 1, Section A, Line 11, by inserting after all of said line the following:

"67.398. 1. The governing body of any city or village, or any county having a charter form of government, or any county of the first classification that contains part of a city with a population of at least three hundred thousand inhabitants, may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of a nuisance including, but not limited to, debris of any kind, weed cuttings, cut, fallen, or hazardous trees and shrubs, overgrown vegetation and noxious weeds which are seven inches or more in height, rubbish and trash, lumber not piled or stacked twelve inches off the ground, rocks or bricks, tin, steel, parts of derelict cars or trucks, broken furniture, any flammable material which may endanger public safety or any material or condition which is unhealthy or unsafe and declared to be a public nuisance.

2. The governing body of any home rule city with more than four hundred thousand inhabitants and located in more than one county may enact ordinances for the abatement of a condition of any lot or land that has vacant buildings or structures open to entry.

3. Any ordinance authorized by this section shall provide for service to the owner of the property **[**~~and, if the property is not owner-occupied, to any occupant of the property~~**]** of a written notice specifically describing each condition of the lot or land declared to be a public nuisance, and which notice shall identify what action will remedy the public nuisance. Unless a condition presents an immediate, specifically identified risk to the public health or safety, the notice shall provide a reasonable time, not less than ten days, in which to abate or commence removal of each condition identified in the notice. Written notice may be given by personal service or by first-class mail to **[**~~both the occupant of the property at the property address and~~**]** the owner at the last known address of the owner**[**~~, if not the same~~**]**. Upon a failure of the owner to pursue the removal or abatement of such nuisance without unnecessary delay, the building commissioner or designated officer may cause the condition which constitutes the nuisance to be removed or abated. If the building commissioner or designated officer causes such condition to be removed or abated, the cost of such removal or abatement and the proof of notice to the owner of the property shall be certified to the city clerk or officer in charge of finance who shall cause the certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the collecting official's option, for the property and the

certified cost shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by the laws governing delinquent and back taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the owner and shall also be a lien on the property from the date the tax bill is delinquent until paid.

67.410. 1. Except as provided in subsection 3 of this section, any ordinance enacted pursuant to section 67.400 shall:

(1) Set forth those conditions detrimental to the health, safety or welfare of the residents of the city, town, village, or county the existence of which constitutes a nuisance;

(2) Provide for duties of inspectors with regard to such buildings or structures and shall provide for duties of the building commissioner or designated officer or officers to supervise all inspectors and to hold hearings regarding such buildings or structures;

(3) Provide for service of adequate notice of the declaration of nuisance, which notice shall specify that the property is to be vacated, if such be the case, reconditioned or removed, listing a reasonable time for commencement; and may provide that such notice be served either by personal service **[**~~or~~**],** by certified mail, return receipt requested, **or by a private delivery service that is substantially equivalent to certified mail,** but if service cannot be had by either of these modes of service, then service may be had by publication. The ordinances shall further provide that the owner, occupant, lessee, mortgagee, agent, and all other persons having an interest in the building or structure as shown by the land records of the recorder of deeds of the county wherein the land is located shall be made parties;

(4) Provide that upon failure to commence work of reconditioning or demolition within the time specified or upon failure to proceed continuously with the work without unnecessary delay, the building commissioner or designated officer or officers shall call and have a full and adequate hearing upon the matter, giving the affected parties at least ten days' written notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. After the hearings, if the evidence supports a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, the building commissioner or designated officer or officers shall issue an order making specific findings of fact, based upon competent and substantial evidence, which shows the building or structure to be a nuisance and detrimental to the health, safety, or welfare of the residents of the city, town, village, or county and ordering the building or structure to be demolished and removed, or repaired. If the evidence does not support a finding that the building or structure is a nuisance or detrimental to the health, safety, or welfare of the residents of the city, town, village, or county, no order shall be issued;

(5) Provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is demolished, secured, or repaired, or the property is cleaned up, the cost of performance shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill or assessment therefor against the property to be prepared and collected by the city collector or other official collecting taxes, unless the building or structure is demolished, secured or repaired by a contractor pursuant to an order issued by the city, town, village, or county and such contractor files a mechanic's lien against the property where the dangerous building is located. The contractor may enforce this lien as provided in sections 429.010 to 429.360. Except as provided in subsection 3 of this section, at the request of the taxpayer the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid. A city not within a county or a city with a population of at least four hundred thousand located in more than one county, notwithstanding any charter provision to the contrary, may, by ordinance, provide that upon determination by the city that a public benefit will be gained the city may discharge the special tax bill, including the costs of tax collection, accrued interest and attorneys fees, if any.

2. If there are proceeds of any insurance policy based upon a covered claim payment made for damage or loss to a building or other structure caused by or arising out of any fire, explosion, or other casualty loss, the ordinance may establish a procedure for the payment of up to twenty-five percent of the insurance proceeds, as set forth in this subsection. The order or ordinance shall apply only to a covered claim payment which is in excess of fifty percent of the face value of the policy covering a building or other structure:

(1) The insurer shall withhold from the covered claim payment up to twenty-five percent of the covered claim payment, and shall pay such moneys to the city to deposit into an interest-bearing account. Any named mortgagee on the insurance policy shall maintain priority over any obligation under the order or ordinance;

(2) The city or county shall release the proceeds and any interest which has accrued on such proceeds received under subdivision (1) of this subsection to the insured or as the terms of the policy and endorsements thereto provide within thirty days after receipt of such insurance moneys, unless the city or county has instituted

legal proceedings under the provisions of subdivision (5) of subsection 1 of this section. If the city or county has proceeded under the provisions of subdivision (5) of subsection 1 of this section, all moneys in excess of that necessary to comply with the provisions of subdivision (5) of subsection 1 of this section for the removal, securing, repair and cleanup of the building or structure, and the lot on which it is located, less salvage value, shall be paid to the insured;

(3) If there are no proceeds of any insurance policy as set forth in this subsection, at the request of the taxpayer, the tax bill may be paid in installments over a period of not more than ten years. The tax bill from date of its issuance shall be a lien on the property until paid;

(4) This subsection shall apply to fire, explosion, or other casualty loss claims arising on all buildings and structures;

(5) This subsection does not make the city or county a party to any insurance contract, and the insurer is not liable to any party for any amount in excess of the proceeds otherwise payable under its insurance policy.

3. The governing body of any city not within a county and the governing body of any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county may enact their own ordinances pursuant to section 67.400 and are exempt from subsections 1 and 2 of this section.

4. Notwithstanding the provisions of section 82.300, any city may prescribe and enforce and collect fines and penalties for a breach of any ordinance enacted pursuant to section 67.400 or this section and to punish the violation of such ordinance by a fine or imprisonment, or by both fine and imprisonment. Such fine may not exceed one thousand dollars, unless the owner of the property is not also a resident of the property, then such fine may not exceed two thousand dollars.

5. The ordinance may also provide that a city not within a county or a city with a population of at least three hundred fifty thousand located in more than one county may seek to recover the cost of demolition prior to the occurrence of demolition, as described in this subsection. The ordinance may provide that if the building commissioner or other designated officer or officers issue an order whereby the building or structure is ordered to be demolished, secured or repaired, and the owner has been given an opportunity for a hearing to contest such order, then the building commissioner or other designated officer or officers may solicit no less than two independent bids for such demolition work. The amount of the lowest bid, including offset for salvage value, if any, plus reasonable anticipated costs of collection, including attorney's fees, shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill to be issued against the property owner to be prepared and collected by the city collector or other official collecting taxes. The municipal clerk or other officer in charge of finance shall discharge the special tax bill upon documentation by the property owner of the completion of the ordered repair or demolition work. Upon determination by the municipal clerk or other officer in charge of finance that a public benefit is secured prior to payment of the special tax bill, the municipal clerk or other officer in charge of finance may discharge the special tax bill upon the transfer of the property. The payment of the special tax bill shall be held in an interest-bearing account. Upon full payment of the special tax bill, the building commissioner or other designated officer or officers shall, within one hundred twenty days thereafter, cause the ordered work to be completed, and certify the actual cost thereof, including the cost of tax bill collection and attorney's fees, to the city clerk or other officer in charge of finance who shall, if the actual cost differs from the paid amount by greater than two percent of the paid amount, refund the excess payment, if any, to the payor, or if the actual amount is greater, cause a special tax bill or assessment for the difference against the property to be prepared and collected by the city collector or other official collecting taxes. If the building commissioner or other designated officer or officers shall not, within one hundred twenty days after full payment, cause the ordered work to be completed, then the full amount of the payment, plus interest, shall be repaid to the payor. Except as provided in subsection 2 of this section, at the request of the taxpayer the tax bill for the difference may be paid in installments over a period of not more than ten years. The tax bill for the difference from the date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid.

82.462. 1. Except as provided in subsection 4 of this section, a person who is not the owner of the real property or who is a creditor holding a lien interest on the property, and who suspects that the real property may be abandoned, may enter upon the premises of the real property to do the following:

(1) Without entering any structure located on the real property, visually inspect the real property to determine whether the real property may be abandoned;

(2) Upon a good faith determination based upon the inspection that the property is abandoned, perform any of the following actions:

(a) Secure the real property;

(b) Remove trash or debris from the grounds of the real property;

(c) Landscape, maintain, or mow the grounds of the real property;

(d) Remove or paint over graffiti on the real property.

2. A person who enters upon the premises and conducts the actions permitted in subsection 1 of this section and who makes a good faith determination based upon the inspection that the property is abandoned is immune from claims of civil and criminal trespass and all other civil liability therefor, unless the act or omission constitutes gross negligence or willful, wanton, or intentional misconduct.

3. The owner of the real property upon which a person enters and conducts the actions permitted in subsection 1 of this section shall be immune from civil liability for any injury sustained by the person, unless the injury resulted from the owner's gross negligence or willful, wanton, or intentional misconduct.

4. In the case of real property that is subject to a mortgage or deed of trust, the creditor holding the debt secured by the mortgage or deed of trust may not enter upon the premises of the real property under subsection 1 of this section if entry is barred by an automatic stay issued by a bankruptcy court.

5. For purposes of this section, "abandoned" property means:

(1) A vacant, unimproved lot zoned residential or commercial for which the owner is in violation of a municipal nuisance or property maintenance code; or

(2) With respect to actions taken pursuant to this section by a creditor holding a lien interest in the property, a property that contains a structure or building that has been continuously unoccupied by persons legally entitled to possession for at least six months prior to entry under this section and the creditor's debt secured by such lien interest has been continuously delinquent for not less than three months; or

(3) With respect to actions taken pursuant to this section by persons other than creditors, a property that contains a structure or building that has been continuously unoccupied by persons legally entitled to possession for at least six months prior to entry under this section, and for which the owner is in violation of a municipal nuisance or property maintenance code, and for which either:

(a) Ad valorum property taxes are delinquent; or

(b) The property owner has failed to comply with any municipal ordinance requiring registration of vacant property, or the municipality has determined the structure to be uninhabitable due to deteriorated conditions.

6. This section shall apply only to real property located in any home rule city or any county with a charter form of government and with more than nine hundred fifty thousand inhabitants."; and

Further amend said bill, Page 7, Section 82.1028, Line 17, by inserting after all of said line the following:

House Amendment No. 12

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 966, Page 36, Section 566.147, Line 42, by inserting immediately after all of said section and line the following:

"590.650. 1. **The provisions of this section shall be known and may be cited as "The Fourth Amendment Affirmation Act".** As used in this section **[**~~"minority group" means individuals of African, Hispanic, Native American or Asian descent~~**] the following terms mean:**

(1) "Benchmark", the number used as a basis of comparison in determining possible disproportions in law enforcement activities, including the following:

(a) The benchmark for measuring disproportions in vehicle stops shall be the proportions of drivers in racial or ethnic groups residing or traveling in a jurisdiction;

(b) The benchmark for measuring disproportions in post-stop activities shall be the racial or ethnic group's proportion of stops; and

(c) The benchmark used to measure disproportions in hit rates shall be the group proportions of drivers searched;

(2) "Consent search", a search authorized by the consent of the individual, not by probable cause;

(3) "Discriminatory policing", circumstances in which the peace officer's actions are based in whole or in part on the real or perceived race, ethnicity, religious beliefs, gender, English language proficiency, status as a person with a disability, or a person's national origin rather than upon specific and articulable facts, which, taken together with rational inferences from those facts, reasonably indicate criminal activity. "Discriminatory policing" does not include investigations of alleged crimes when law enforcement must seek out suspects who match a specifically delineated description;

(4) "Hit rate", the rate of searches in which contraband is found. The hit rate is calculated by dividing the number of searches that yield contraband by the total number of searches. Hit rate may be calculated for individual officers, agencies, or multiple agencies;

(5) "Investigative stop", any stop by a peace officer of a motor vehicle involving at least in part an investigation of a criminal violation other than a motor vehicle violation. Investigative stops can involve calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer's observations, stops made at a sobriety checkpoint or other road block, or other investigatory stops;

(6) "Minority group", individuals of African, Hispanic, Native American, or Asian descent;

(7) "Ratio of disparity", the ratio of the rate of stops or other peace officer activities for a non-white group as compared to the rate for the white group. The ratio of disparity for the white group shall be the white group rate compared to the rate for non-white groups;

(8) "Significant disparity", a ratio of disparity that is over one hundred twenty-five percent of the overall state disparity for any minority group for that category of officer activity after controlling for factors other than discrimination that are contributing to the disparity;

(9) "Significant disproportion", a ratio of disparity that is over one hundred twenty-five percent of the overall state ratio of disparity for any minority group for that category of peace officer activity.

2. Each time a peace officer stops a driver of a motor vehicle, that officer shall report **at least** the following information to the law enforcement agency that employs the officer:

(1) The age, gender and race or minority group of the individual stopped;

(2) **Whether the driver resides in the jurisdiction of the stop;**

(3) The reasons for the stop**. Reasons for an investigative stop include, but are not limited to, calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer's observations, and stops made at a sobriety checkpoint or other road block**;

[~~(3)~~**] (4)** Whether a search was conducted as a result of the stop;

[~~(4)~~**] (5)** If a search was conducted, whether the individual consented to the search, **how the individual's consent was documented,** the probable cause for the search, whether the person was searched, whether the person's property was searched, and the duration of the search;

[~~(5)~~**] (6)** Whether any contraband was discovered in the course of the search and the type of any contraband discovered;

[~~(6)~~**] (7)** Whether any warning or citation was issued as a result of the stop;

[~~(7)~~**] (8)** If a warning or citation was issued, the violation charged or warning provided;

[~~(8)~~**] (9)** Whether an arrest was made as a result of either the stop or the search;

[~~(9)~~**] (10)** If an arrest was made, the crime charged; and

[~~(10)~~**] (11)** The location of the stop.

Such information may be reported using a format determined by the department of public safety which uses existing citation and report forms.

3. (1) Each law enforcement agency shall compile the data described in subsection 2 of this section for the calendar year into a report to the attorney general.

(2) Each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.

(3) The attorney general shall determine the format that all law enforcement agencies shall use to submit the report. **The attorney general may allow the department of public safety to extract the data from other reports filed by law enforcement agencies.**

4. (1) The attorney general shall analyze the annual reports of law enforcement agencies required by this section and submit a report of the findings to the governor, the general assembly and each law enforcement agency no later than June first of each year.

(2) **The report shall identify situations in which data submitted by agencies indicate that racial and ethnic groups are disproportionately affected by law enforcement activity so that further analysis may be conducted to determine whether peace officers are engaging in discriminatory policing;**

(3) The report shall provide group ratios of disparity for all categories of stops, post-stop activities, searches, and contraband found using appropriate benchmarks as defined in subsection 1 of this section;

(4) The report of the attorney general shall include at least the following information for each agency **and for the state overall**:

(a) The total number of vehicles stopped by peace officers during the previous calendar year;

(b) The number and percentage of stopped motor vehicles that were driven by members of each particular minority group;

(c) **[**~~A comparison of the percentage of stopped motor vehicles driven by each minority group and the percentage of the state's population that each minority group comprises~~**] Ratios of disparity for all categories of stops, post-stop activities, searches, and contraband using appropriate benchmarks as defined in subsection 1 of this section**; and

(d) A compilation of the information reported by law enforcement agencies pursuant to subsection 2 of this section.

5. **(1)** Each law enforcement agency shall adopt a policy on **[**~~race-based traffic stops~~**] discriminatory policing** that:

[~~(1)~~**] (a)** Prohibits **[**~~the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law~~**] discriminatory policing**;

[~~(2)~~**] (b)** Provides for **[**~~periodic~~**] annual** reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:

[~~(a)~~**] a.** Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and

[~~(b)~~**] b.** If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency **[**~~routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; and~~**] engaged in discriminatory policing;**

c. Include a review of complaints received by the law enforcement agency and a breakdown of which complaints were verified, found to be unfounded, remain active, and what steps were taken to address verified complaints. The review of complaints shall indicate the number of complaints alleging discriminatory policing that a law enforcement agency received; and

d. The results of the review shall be made public, however, no personnel information prohibited by law shall be disclosed; and

[~~(3)~~**] (c)** Provides for appropriate **discipline, up to and including dismissal,** counseling**,** and training of any peace officer found to have engaged in **[**~~race-based traffic stops~~**] discriminatory policing** within ninety days of the review.

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, **cultural competency,** and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(2) Each policy shall be in writing and accessible by the public. The attorney general shall certify that the discriminatory policing policy of each agency is substantially equivalent to the requirements of this subsection.

(3) Each policy shall put in place procedures to eliminate discriminatory policing.

6. **When a motor vehicle has been stopped solely for a traffic violation, a peace officer shall request only the following documentation from only the driver of the motor vehicle:**

(1) A driver's license or other verifiable, government-issued identification, including foreign-issued identification;

(2) Motor vehicle registration; and

(3) Proof of insurance.

7. If a law enforcement agency fails to comply with the provisions of this section, the governor may withhold any state funds appropriated to the noncompliant law enforcement agency.

[~~7.~~**] 8.** Each law enforcement agency in this state may utilize federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone **or to purchase body cameras**.

[~~8. A peace officer who stops a driver of a motor vehicle pursuant to a lawfully conducted sobriety check point or road block shall be exempt from the reporting requirements of subsection 2 of this section.~~**]**"; and

Representative Matthiesen offered **House Amendment No. 16**.

House Amendment No. 16

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 966, Page 7, Section 109.320, Line 44, by inserting the following after all of said section and line:

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. **The district may satisfy this notice requirement by posting a copy of the policy and procedures on the district's website.** All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

(1) First degree murder under section 565.020;

(2) Second degree murder under section 565.021;

(15) Second degree assault under section 565.060 as it existed prior to January 1, 2017, or second degree assault under section 565.052;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet

of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's

division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

167.117. 1. **[**~~In any instance when any person is believed to have committed an act which if committed by an adult would be assault in the first, second or third degree, sexual assault, or deviate sexual assault against a pupil or school employee, while on school property, including a school bus in service on behalf of the district, or while involved in school activities, the principal shall immediately report such incident to the appropriate local law enforcement agency and to the superintendent, except in any instance when any person is believed to have committed an act which if committed by an adult would be assault in the third degree and a written agreement as to the procedure for the reporting of such incidents of third degree assault has been executed between the superintendent of the school district and the appropriate local law enforcement agency, the principal shall report such incident to the appropriate local law enforcement agency in accordance with such agreement.~~**] For purposes of this section, "on school premises" means on any school property including, but not limited to, a school playground or school parking lot; on any school bus in service on behalf of the school district; or while involved in school activities regardless of whether the activity is on or off school property.**

2. In any instance when a pupil is discovered to have on or about such pupil's person, or among such pupil's possessions, or placed elsewhere on **[**~~the~~**]** school premises**[**~~, including but not limited to the school playground or the school parking lot, on a school bus or at a school activity whether on or off of school property~~**]** any controlled substance as defined in section 195.010 or any weapon as defined in subsection 6 of section 160.261 in violation of school policy, the principal shall **[**~~immediately~~**] as soon as reasonably practical** report such incident to the appropriate local law enforcement agency and to the superintendent. **In any instance when a school employee becomes aware that a pupil is in possession of a controlled substance or any weapon on school premises, the school employee shall as soon as reasonably practical report such incident to the principal.**

3. **[**~~In any instance when a teacher becomes aware of an assault as set forth in subsection 1 of this section or finds a pupil in possession of a weapon or controlled substances as set forth in subsection 2 of this section, the teacher shall immediately report such incident to the principal.~~**] In any instance when a pupil is believed to have committed an act listed in subdivisions (1) to (24) of subsection 2 of section 160.261 on school premises, the principal shall as soon as reasonably practical report such incident to the appropriate law enforcement agency; to the superintendent; and, if there is a victim, to the parents or legal guardian of each victim. In any instance when a school employee becomes aware that a pupil has committed an act listed in subdivisions (1) to (24) of subsection 2 of section 160.261 on school premises, the school employee shall as soon as reasonably practical report such incident to the principal.**

4. A school employee, superintendent**,** or such person's designee who in good faith provides information to law enforcement or juvenile authorities pursuant to this section or section 160.261 **or provides information to law enforcement or juvenile authorities regarding an instance in which a pupil is believed to have committed a crime on school premises** shall not be civilly liable for providing such information.

(a) Promises of cure, relief from pain or other physical or mental condition, or improved physical or mental health;

Any claim that exceeds or exaggerates the scope of its supporting documentation, data or evidence is misleading or deceptive;

(d) Any announced fee for a specified service where that fee does not include the charges for necessary related or incidental services, or where the actual fee charged for that specified service may exceed the announced fee, but it shall not be unlawful to announce only the maximum fee that can be charged for the specified service, including all related or incidental services, modified by the term "up to" if desired;

(i) Any advertisement denoting the use of sedation services permitted by the board under section 332.362 using any term other than deep sedation, general anesthesia, or moderate sedation. (16) Failure or refusal to properly guard against contagious, infectious or communicable diseases or the spread thereof;

(17) Failing to maintain his or her office or offices, laboratory, equipment and instruments in a safe and sanitary condition;

(18) Accepting, tendering or paying "rebates" to or "splitting fees" with any other person; provided, however, that nothing herein shall be so construed as to make it unlawful for a dentist practicing in a partnership or as a corporation organized pursuant to the provisions of chapter 356 to distribute profits in accordance with his or her stated agreement;

(19) Administering, or causing or permitting to be administered, nitrous oxide gas in any amount to himself or herself, or to another unless as an adjunctive measure to patient management;

(20) Being unable to practice as a dentist, specialist or hygienist with reasonable skill and safety to patients by reasons of professional incompetency, or because of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the dentist or specialist or hygienist to submit to a reexamination for the purpose of establishing his or her competency to practice as a dentist, specialist or hygienist, which reexamination shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the dentist's, specialist's or hygienist's professional competence by at least three dentists or fellow specialists, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the dentist, specialist or hygienist compelled to take examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or registered mail. Failure of the dentist, specialist or hygienist to submit to the examination when directed shall constitute an admission of the allegations against him or her, unless the failure was due to circumstances beyond his or her control. A dentist, specialist or hygienist whose right to practice has been affected pursuant to this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding pursuant to this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a dentist, specialist or hygienist in any other proceeding. Proceedings pursuant to this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his or her application for a license; permanently withholding issuance of a license; administering a public or private reprimand; placing on probation, suspending or limiting or restricting his or her license to practice as a dentist, specialist or hygienist for a period of not more than five years; revoking his or her license to practice as a dentist, specialist or hygienist; requiring him or her to submit to the care, counseling or treatment of physicians designated by the dentist, specialist or hygienist compelled to be treated; or requiring such person to submit to identification, intervention, treatment or rehabilitation by the well-being committee as provided in section 332.327. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person or firm named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) Suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate, or permit. In any order of revocation, the board may provide that the person shall not apply for licensure for a period of not less than one year following the date of the order of revocation; or

(4) Cause the person or firm named in the complaint to make restitution to any patient, or any insurer or third-party payer who shall have paid in whole or in part a claim or payment for which they should be reimbursed, where restitution would be an appropriate remedy, including the reasonable cost of follow-up care to correct or complete a procedure performed or one that was to be performed by the person or firm named in the complaint; or

(5) Request the attorney general to bring an action in the circuit court of competent jurisdiction to recover a civil penalty on behalf of the state in an amount to be assessed by the court.

4. If the board concludes that a dentist or dental hygienist has committed an act or is engaging in a course of conduct that would be grounds for disciplinary action and constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the conduct that gives rise to the danger and the nature of the proposed restriction or suspension of the dentist's or dental hygienist's license. Within fifteen days after service of the complaint on the dentist or dental hygienist, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged conduct of the dentist or dental hygienist appears to constitute a clear and present danger to the public health and safety that justifies that the dentist's or dental hygienist's license be immediately restricted or suspended. The burden of proving that a dentist or dental hygienist is a clear and present danger to the public health and safety shall be upon the Missouri dental board. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend a dentist's or dental hygienist's license, the dentist or dental hygienist named in the complaint may request a full hearing before the administrative hearing commission. A request for a full hearing shall be made within thirty days after the administrative hearing commission issues a decision. The administrative hearing commission shall, if requested by a dentist or dental hygienist named in the complaint, set a date to hold a full hearing under chapter 621 regarding the activities alleged in the initial complaint filed by the board. The administrative hearing commission shall set the date for full hearing within ninety days from the date its decision was issued. Either party may request continuances, which shall be granted by the administrative hearing commission upon a showing of good cause by either party or consent of both parties. If a request for a full hearing is not made within thirty days, the authority to impose discipline becomes final and the board shall set the matter for hearing in accordance with section 621.110.

6. If the administrative hearing commission dismisses without prejudice the complaint filed by the board under subsection 4 of this section or dismisses the action based on a finding that the board did not meet its burden of proof establishing a clear and present danger, such dismissal shall not bar the board from initiating a subsequent action on the same grounds in accordance with this chapter and chapters 536 and 621.

7. Notwithstanding any other provisions of section 332.071 or of this section, a currently licensed dentist in Missouri may enter into an agreement with individuals and organizations to provide dental health care, provided such agreement does not permit or compel practices that violate any provision of this chapter.

8. At all proceedings for the enforcement of these or any other provisions of this chapter the board shall, as it deems necessary, select, in its discretion, either the attorney general or one of the attorney general's assistants designated by the attorney general or other legal counsel to appear and represent the board at each stage of such proceeding or trial until its conclusion.

9. If at any time when any discipline has been imposed pursuant to this section or pursuant to any provision of this chapter, the licensee removes himself or herself from the state of Missouri, ceases to be currently licensed pursuant to the provisions of this chapter, or fails to keep the Missouri dental board advised of his or her current place of business and residence, the time of his or her absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed."; and

Any out-of-state wholesale drug distributor that is a drug manufacturer and which produces and distributes from a facility which has been inspected and approved by the Food and Drug Administration, maintains current approval by the federal Food and Drug Administration, and has provided a copy of the most recent Food and Drug Administration Establishment Inspection Report to the board, and which is licensed by the state in which the distribution facility is located, or, if located within a foreign jurisdiction, is authorized and in good standing to operate as a drug manufacturer within such jurisdiction, need not be licensed as provided in this section but such out-of-state distributor shall register its business name and address with the board of pharmacy and pay a filing fee in an amount established by the board.

Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than **[**~~three~~**] six** full-time equivalent assistant physicians**, full-time equivalent physician assistants, or full-time equivalent advance practice registered nurses, or any combination thereof**. 8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill**, except that buprenorphine may be prescribed for up to a thirty-day supply without refill for patients receiving medication assisted treatment for substance use disorders under the direction of the collaborating physician**. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009**, or assistant physicians providing opioid addiction treatment**.
